• Operating time: +/- 15 hours

Power

- Power supply headphone: 2 x 1.5 V NiMH R03/ AAA
- Power supply transmitter: AC/DC adapter 12V/ 200mA

SBCHC210/40

Product highlights

Lightweight design

The durable, lightweight quality materials enhance comfort for extended wearing.

Self adjusting inner headband

The inner headband makes it easy to obtain a perfect fit for your head. The mechanism adjusts automatically for comfort.

SRS headphone

With SRS Headphone, you experience sound from all around you, making this headphone more enjoyable for endless hours of entertainment.

High-frequency modulation

Using very high frequency modulation(RF) for the transmission link ensures sharp clear reception.

Automatic Level Control (ALC)

This smart electronic circuit ensures that the audio input level is automatically adjusted to the right level, preventing distortion and preserving your listening enjoyment.

IR wireless transmission

IR wireless transmission allows you to be free from the hassles of cables.

Rechargeable system

The headphone set incorporates facilities for recharging the batteries.

Auto power on/off transmitter

Put your headphones on, play the music and the transmitter automatically switches on. It senses the presense of an input signal and ensures the link is only operational when one is present. You don't have to worry about switching it on or off.
