AJM180

Free your digital music

wake up to favorite music or radio tunes

Free your digital music in the comfort of your home! Simply plug your USB device or MP3 player directly to the compact AJM180 to enjoy great sounds. Plus, you can choose how to kick-start each day with favorite music, radio or an alarm.

Sleek, chic and compact design

- Enjoy MP3/WMA music directly from your portable USB drives
- Compatible with CD-Recordable and CD-ReWritable
- Aux-in connection for your portable MP3 music player
- Digital tuning with preset stations for extra convenience

Start the day your way

- Wake up to CD, Radio tune or a buzzer
- Gentle wake for a pleasant wake up experience
- Repeat alarm for additional snooze

Rich and clear sound

- Bass Reflex Speaker System delivers a powerful, deeper bass

Easy to use

- Large backlit LCD display for easy viewing in low light
- Dual alarm time
- Sleep timer for easy falling asleep to your favorite music

PHILIPS
sense and simplicity

Highlights

USB Direct for MP3/WMA music

Simply plug in your device to the USB port on your Philips Hi-Fi system. Your digital music will be played directly from the device. Now you can share your favorite moments with family and friends.

Digital tuning with presets

Simply tune into the station that you want to preset, press and hold the preset button to memorize the frequency. With preset radio stations that can be stored, you can quickly access your favorite radio station without having to manually tune the frequencies each time.

Wake up to CD, Radio or buzzer

Wake up to CD, Radio tune or a buzzer

Repeat alarm

To counter oversleeping, the Philips Clock radio has a snooze feature. Should the alarm ring and you wish to continue sleeping a bit longer, simply press the Repeat Alarm button once and go back to sleep. Nine minutes later the alarm will ring again. You can continue to press the Repeat Alarm button every nine minutes until you turn off the alarm altogether.

Dual alarm time

The Philips audio system comes with two alarm times. Set one alarm time to wake you up and the other to wake up your partner.

Sleep Timer

Sleep timer lets you decide how long you want to listen to music or a radio station of your choice before falling asleep. Simply set a time limit (up to 1 hour) and choose a CD or radio station to listen to while you drift off to sleep. The set will continue to play for the selected duration and then automatically switch off to a power-efficient, silent stand-by mode. Sleep Timer lets you fall asleep to your favorite CD or radio DJ without counting sheep or worrying about wasting power.

Specifications
