Convenience

- Child Protection: Child Lock, Parental Control
- On-Screen Display languages: English, Simplified Chinese

Power

- Power supply: 110-240V, 50/60 Hz
- Power consumption: < 10 W
- Standby power consumption: <1 W

Accessories

- Included accessories: Audio/Video cable, Remote Control, World Wide Warranty leaflet, User Manual, AAA Battery (x1), Quick start guide

Dimensions

- Packaging dimensions (W x H x D): 400 x 80 x 282 mm
- Set dimensions (W x H x D): 310 x 39 x 209 mm
- Set weight: 1.3 kg
- Weight incl. Packaging: 1.8 kg

Multimedia Applications

- Multimedia connections: USB memory class device
- Playback Formats: DivX, JPEG Still pictures, MP3

Highlights

RealMedia Video

RealMedia Video for movie playback from your PC

Multimedia RMVB

Play CD, (S)VCD, DVD, DVD+- R/RW, DivX, MP3, WMA, RMVB, JPEG

One-touch MP3 creation

Convert the contents of your favorite CDs to MP3 files on your Philips product, and store it directly on a thumbdrive or on your portable media player through a USB cable. Enjoy the convenience of creating MP3 files right in your living room, without a PC, and even while the CD is playing.

12-bit/108MHz video processing

12-bit Video DAC is a superior Digital-to-Analogue-Converter that preserves every detail of the authentic picture quality. It shows subtle shades and smoother graduation of colors, resulting in a more vibrant and natural picture. The limitation of the usual 10bit DAC become in particular apparent while using large screens and projectors.

192kHz/24 bit audio DAC

192KHz sampling enables you to have an accurate representation of the original sound curves. Together with a 24-bit resolution, more information is captured from the original analogue sound wave form, giving a much richer audio reproduction.
