Highlights

Cadmium, Mercury and Lead free

These Philips batteries are guaranteed free from harmful heavy metals such as Cadmium, Mercury and Lead.

Language-free symbols

Universal language-free symbols on the packaging explain how and where the battery can or should be used.

Complete range

Philips offers a complete portfolio consisting of the most frequently used batteries (AA, AAA, C, D, 9V) in different packaging variations in order to meet your needs.

Easy color coding

To make recognition of the most common battery sizes easier, we use color coding for battery sizes according to industry standards.

Holds power up to 10 years

Every battery suffers from energy loss when not in use. We guarantee that the battery contains at least 80% of its initial energy within the best before date.

Green Eletron dispose battery

To contribute to the environment and human health, use our reverse logistics partner Green Eletron to dispose of batteries in a responsible manner. See the website <https://www.greeneletron.org.br/pilhas> for information on collection points.
