PUSH YOUR LIMITS

In-ear sports headphones

Philips Actionfit DigDeep sports headphones stay firmly in your ears so you can stay focused on your workout. With a unique stability ring for a more secure fit, your music stays locked in, to keep you in the zone.

Protection

- Ideal for intense workouts with IPX4 water resistance
- Kevlar[®] reinforced cable for ultimate durability
- Washable after workouts

Freedom

- Extreme comfort for training: 4.3gm ultra-light headphones
- Stability ring creates a more secure fit in the ear
- 3 ear-tip sizes for the optimum fit
- Cable clip included for tangle-free workout

Intensity

- High performance sound pushes you further
- Get immersed in your workout with noise isolation

Highlights

3 ear tip sizes

Your ActionFit headphones come with 3 pairs of ear tips of different sizes, so you get the best possible fit.

High-performance sound

8.6-mm (0.3") drivers pump out high performance sound, pushing you to perform at your best.

Noise isolation

In-ear headphones create a tight seal in the ear canal, resulting in a high-impact noise isolation effect. Meanwhile ergonomic acoustic tubes ensure an optimal fit.

Stability ring for secure fit

No dropouts. A rubberised stability ring on the headphones' housing locks them in place in your ears.

Tangle-free workout

A cable clip keeps the wires out of your way while you push yourself harder.

Ultralight design

Your ActionFit headphones weigh in at a mere 4.3gm, making them ultra lightweight and a pleasure to wear. In fact, you will hardly feel

them when you're working out — just the superb, powerful sound that keeps you focused and motivated.

Extra durable Kevlar® cable

Your ActionFit headphones are designed for durability and strength. Its Kevlar-coated cable is well protected against tearing and breaking, and can withstand extreme environments — and workouts.

Sweat-proof and waterproof

Don't be afraid to break a sweat, or venture into the elements. With an IPX4 rating, you can get sweaty and work out in the rain without any moisture entering the earpiece.

Washable

Constructed with waterproof materials, allowing you to wash your headphones under running tap water.

Specifications

Sound

Acoustic system: Closed
Frequency response: 7 - 24,000 Hz
Diaphragm: PET
Magnet type: Neodymium
Speaker diameter: 8.6 mm
Sensitivity: 107 dB
Maximum power input: 20 mW
Impedance: 16 ohm

Connectivity

Cable Connection: two-parallel, symmetric
Finishing of connector: Gold-plated
Cable length: 1.2 m
Connector: 3.5 mm

Outer Carton

Length: 35.3 cm
Number of consumer packages: 24
Length: 13.9 inch
Width: 19.9 cm
