Highlights

Digital wireless subwoofer
The digital wireless subwoofer is optimized to reproduce bass frequencies. The result is a powerful reproduction of deep bass with the minimum of distortion.

Play and charge your iPod
Enjoy your favorite MP3 music while charging your iPod! The dock lets you connect your iPod directly to the Docking entertainment system so you can listen to your favorite music in superb sound. It also charges your iPod while it plays so you can enjoy your music and not have to worry about your iPod battery running out. Use the remote control to navigate, select and playback the music stored on your iPod. The Docking entertainment system automatically charges your iPod while it is docked.

USB Direct & SD/MMC card slot
Thanks to the complete file transferability, you can easily enjoy the convenience and fun of accessing more digital music via the built-in USB Direct and SD/MMC card slots. Simply plug your device into the USB port, or insert your memory card in the SD/MMC card slot on your Philips music system, your digital music and photos will be played directly from the device. Now you can share your favorite moments with family and friends!

* Avoid extensive use of the set in a volume higher than 85 decibel because this may damage your hearing.
