PHILIPS

Highlights

Bluetooth headset compatible

Make long calls or multitask while you're on the phone – hands-free and in comfort. Simply use your Bluetooth headset or connect an iPhone-compatible corded headset to your Philips home phone.

Clear mobile calls everywhere

Clear mobile calls even in weak reception areas

Convert songs into ringtones

It's easy to replace or add to the high-quality pre-loaded ringtones to personalise the sound of your incoming calls. Our PC/Mac software easily converts any MP3 track into your new ringtone.

Crafted with aluminium

Crafted for comfort and durability with lightweight aluminium

Extra-large phonebook

Easy phone book download

With Philips MobileLink technology you can download and access up to 500 contacts from each of your two connected mobile phones, plus an additional 1000 contacts from your PC. You can save up to three numbers per contact from these sources – so that's a total of 6000 phone numbers! Save your finger from typing each number with MobileLink's easy transfer feature!

Blacklist unwanted calls

If you value your privacy, peace and quiet when at home, you'll appreciate these functions that let you disable ringtones according to your specified "no call" times or for specific callers. Enjoy dinner with the family or a well-earned nap knowing that this precious time won't be interrupted by phone calls.
