Quick start guide

Note
- In some countries, you have to connect the line adaptor to the line cord, then plug the line cord to the line socket.
- In multi-handset packs, there are additional handsets and chargers with power supply units.

Caution
- Use only the supplied batteries and adaptor

Welcome

1 Charge

Install the handset

1 The batteries are pre-installed in the handset. Follow the direction of the arrow printed on the battery tape and pull it off from the battery door before charging.
2 Place the handset on the charging cradle to charge the handset.

Note Charge the batteries for 24 hours before first use.
For more information on the battery icon status, see the User Manual.
Ensure the handset and base station are powered on and linked before you can charge the handset.

Configure your phone (if necessary)

1 Set the date and time.
   ↳ The phone is now ready to use.

2 Enjoy

Make a call

1 Press ☎ and dial the phone number; or
2 Dial the phone number and press ☎ to dial out the call.

Answer a call

1 When the phone rings, press ☎ or 🔊 to answer the call.

Adjust the earpiece volume

1 Press ▲ or ▼ to adjust the volume during a call.

Set the handset's ringtone

You can select from 20 ringtones.
1 Press **menu**.
2 Select **[PERSONAL SET]** > **[HANDSET TONES]** > **[RING TONES]**, then press **[SELECT]** to confirm.
3 Select a ringtone, then press **[SELECT]** to confirm.
   ↳ The setting is saved.

ECO mode

The **[ECO]** mode reduces the transmission power of the handset and base station.
1 Press **menu**.
2 Select **[ADVANCED SET]** > **[ECO]**, then press **[SELECT]** to confirm.
3 Select the new setting, then press **[SELECT]** to confirm.
   ↳ The setting is saved.
   ↳ **[ECO]** is displayed instead of 📶 in standby mode.

Note When the **[ECO]** mode is activated, the connection range between the handset and the base station can be reduced.
