## Note

- \* In multi-handset packs, there are additional handsets, chargers and power adapters.
- \*\* In some countries, you have to connect the line adapter to the line cord, then plug the line cord to the telephone socket.

## Caution

- Use only the supplied batteries and power adapter.

# 1 Connect

## Connect the base station

- 1 Connect each end of the power adapter to:
  - the DC input jack at the bottom of the base station;
  - the power socket on the wall.
- 2 Connect each end of the power adapter to (for multi-handset packs):
  - the DC input jack at the bottom of the extra handset charger;
  - the power socket on the wall.
- 3 Connect each end of the line cord to:
  - the telephone socket at the bottom of the base station;
  - the telephone socket on the wall.

## 2 Install

### Install the handset

- 1 The batteries are pre-installed in the handset. Pull the battery tape off from the battery door before charging.
- 2 Place the handset on the base station to charge the handset. When the handset is placed correctly on the base station, you hear the docking sound.  
↳ The handset starts charging.

**Note** Charge the batteries for 16 hours before first use.

## Configure your phone (if necessary)

- 1 When you see the welcome message, press **[OK]**.
- 2 Select your country, press **[OK]** to confirm.
- 3 Set the date and time.
  - ↳ If the time is in 12-hour format, press  key to select **[AM]** or **[PM]**.
  - ↳ The phone is now ready to use.

## Check the battery level

When the handset is off the base station/charger, the bars indicate the battery level (full, medium and low). When the handset is on the base station/charger, the bars keep scrolling until charging completes.

The empty battery icon flashes and you hear an alert tone.  
The battery is low and needs recharging.

# 3 Enjoy
