For ultimate convenience

- Enjoy up to 3 hours playback with a built-in battery*
- Car adaptor and slim remote control
- Detachable antenna design lets you connect to other antennas
- Stereo headphone jack for better personal music enjoyment

PHILIPS
sense and simplicity

Highlights

DVD, DVD+/-RW, (S)VCD, CD

The Philips Portable DVD player is compatible with most DVD and CD discs available in the market. DVD, DVD+/-R, DVD+/-RW, (S)VCD, and CD – all of them can play on the DVD player. DVD+/-R is a shorthand term for a DVD drive that can accept both of the common recordable DVD formats. Likewise, DVD+/-RW handles both common rewritable disc types.

Easy installation and search

Installation and setup is simple and quick. The easy-to-follow user menu will guide you on how to set up the TV. The player automatically searches for all the TV channels available in your area, so you can enjoy your favorite TV programs right away.

MP3-CD, CD and CD-RW playback

MP3 is a revolutionary compression technology by which large digital music files can be made up to 10 times smaller without radically degrading their audio quality. A single CD can store up to 10 hours of music.

3 hours built-in battery*

This Philips player comes with a compact built-in rechargeable battery for long-lasting power. Up to 3 hours of continuous movie, photo and

music playback enjoyment can be achieved on a single charge. Just plug in the power cable to recharge the player - it's that simple.

Detachable antenna design

The antenna on the Philips portable TV is completely detachable, allowing you to easily connect the TV up to an alternate (e.g., indoor or rooftop) antenna as needed. By doing so, you can be sure of reaching the best TV signal available wherever you are.

Free-to-air digital TV

Expand your entertainment experience and enjoy digital channel programs - for free. With digital TV broadcasting, you can receive free digital TV programs in your country. The signal is kept digital without any analog steps in between, to preserve the highest quality.

Specifications
