# 1 Important

- Read these instructions.
- Heed all warnings.
- Follow all instructions.
- Do not use this apparatus near water.
- Do not install near any heat sources such as radiators, heat registers, stoves, or other apparatus (including amplifiers) that produce heat.
- Only use attachments/accessories specified by the manufacturer.
- Refer all servicing to qualified service personnel. Servicing is required when the apparatus has been damaged in any way, such as liquid has been spilled or objects have fallen into the apparatus, the apparatus has been exposed to rain or moisture, does not operate normally, or has been dropped.
- The battery shall not be exposed to excessive heat such as sunshine, fire or the like.
- Apparatus shall not be exposed to dripping or splashing.
- Do not place any sources of danger on the apparatus (e.g. liquid filled objects, lighted candles).

## Caution

- Removal of the built-in battery invalidates the warranty and may destroy the product.
- These servicing instructions are for use by qualified service personnel only. To reduce the risk of electric shock do not perform any servicing other than that contained in the operating instructions unless you are qualified to do so.

## Note

- Rechargeable batteries have a limited number of charge cycles. Battery life and number of charge cycles vary by use and settings.

## Note

- The type plate is located on the back of the product.

Always bring your product to a professional to remove the built-in battery.

## 2 Your Portable Speaker

Congratulations on your purchase, and welcome to Philips! To fully benefit from the support that Philips offers, register your product at [www.philips.com/welcome](http://www.philips.com/welcome).

---

### Introduction

With this speaker, you can

- listen to audio from an external device via Bluetooth connection,
- listen to audio from an external device through the **AUX** socket, and
- make phone calls.

---

### What's in the box

Check and identify the contents of your package:

- Main unit
- USB cable
- Short user manual
- Car charger

## Overview of the speaker

① 

- Power the portable speaker on or off.

② 

- During a call, mute the integrated microphone or release it from mute status.

③ **+ VOL -**

- Turn to adjust volume.

④ 

- Start, pause, or resume play.
- Press to answer an incoming call.
- Press to end the current call.
- Press and hold to reject an incoming call.
- Press twice to dial the last called number.
- Press twice to hold on the current call and answer another incoming call.
- Press and hold for 8 seconds to clear the Bluetooth pairing information.

⑤ **Bluetooth indicator**

- Indicate the current Bluetooth connection status.

⑥ **AUX**

- Connect to an external player.

⑦ **DC 5V**

- Recharge the built-in battery.

⑧ **Integrated microphone**

⑨ **BATT**

- During charging, indicate the current charging status.

# 3 Get started

Always follow the instructions in this chapter in sequence.

## Charge the built-in battery

The speaker is powered by a built-in rechargeable battery.

### Note

- Before use, fully charge the built-in battery.
- For safety reason, the internal protective circuit will cut the power from built-in battery when the temperature is higher than 60°C. The speakerphone has to be powered by car charger directly for continuous operation.

- Connect the USB cable between
- the **DC 5V** socket on the speaker; and
  - the USB socket.

### Charging indicator

The indicator on the bottom indicates the battery status during charging.

Indicator	Battery
Solid green	Under charging
Off	Fully charged

## Power on/off

Press **⏻**.

- If an audio input cable is connected to the **AUX** socket, this product does not automatically power off.
- In Bluetooth mode, if Bluetooth connection is invalid for 15 minutes, this product automatically powers off.

# 4 Use Bluetooth devices

With this speaker, you can listen to audio from a player and make a call through Bluetooth.

## Note

- Make sure that no audio input cable is connected to the **AUX** socket.
- Gibson Innovations does not guarantee the compatibility with all Bluetooth devices.
- Before pairing a device with this system, read its user manual for Bluetooth compatibility.
- The product can memorize a maximum of 8 paired devices.
- Make sure that Bluetooth function is enabled on your device, and your device is set as visible to all other Bluetooth devices.
- The operational range between this system and a Bluetooth device is approximately 10 meters (30 feet).
- Any obstacle between this system and a Bluetooth device can reduce the operational range.
- Keep away from any other electronic device that may cause interference.

## Connect a device

- 1 On your device, search for Bluetooth devices.
- 2 In the device list, select **PHILIPS CAB11**.
  - If a message prompts for the permission for Bluetooth connection with **PHILIPS CAB11**, confirm it.
  - If a password is required, enter **0000** and then confirm.

### Bluetooth indicator

Indicator	Bluetooth connection
Blinking blue	Connecting or waiting for connection
Solid blue	Connected

## Disconnect a device

On your device, disable the Bluetooth connection with this product.

## Reconnect a device

- For a paired Bluetooth device on which the automatic reconnection is enabled, this product reconnects with it once it is detected.
- For a paired Bluetooth device that does not support the automatic reconnection, reconnect it with this product manually.

## Play audio via Bluetooth

### Note

- If the connected Bluetooth device supports the Advanced Audio Distribution Profile (A2DP), you can listen to tracks that are stored on the device through the system.
- If the device also supports the Audio Video Remote Control Profile (AVRCP), you can control play on this product.
- If the connected device does not support the AVRCP, control play on the connected device.

Buttons	Functions
	Start, pause, or resume play.
	Increase or decrease the speaker volume.

## Make a call

Buttons	Functions
	Press to answer an incoming call. Press to end the current call. Press and hold to reject an incoming call. Press twice to dial the last called number. Press twice to hold on the current call and answer another incoming call. Press and hold for 8 seconds to clear the Bluetooth pairing information.
	Mute the integrated microphone or release it from mute status.
<b>+ VOL -</b>	Increase or decrease the speaker volume.

## 5 Listen to an external device

You can also listen to an external audio device, for example, MP3 player, through this product.

- 1 Connect an audio input cable with a 3.5 mm connector on both ends between
  - the **AUX** socket on this product, and
  - the headphone socket on the external device.
- 2 Play audio on the external device (refer to its user manual).

## 6 Clip the speaker

Securely fix this product to the driver-side sun visor with the clip

---

## Detach the clip

The clip is detachable.

1

2

3

## 7 Adjust volume

Turn the **+ VOL -** wheel.

## 8 Mute sound

Press  to mute/unmute the integrated microphone.

↳ The Bluetooth indicator starts blinking.

## 9 Product information

### Note

- Product information is subject to change without prior notice.

### General information

Power Supply (through USB socket)	5V, 0.6A
Built-in Battery	Lithium battery
Dimensions - Main Unit (W x H x D)	107 x 73 x 53 mm
Weight - Main Unit	0.118 kg

### Bluetooth

Bluetooth specification	V2.1+EDR
Supported profiles	HFP v1.6, AD2P v1.2, HSP v1.2
Range	10 m (Free space)

### Amplifier

Rated Output Power	1.2 W RMS
Signal to Noise Ratio	> 62 dBA
AUX Input	600 mV RMS, 22 kOhm

## 10 Troubleshooting

### Warning

- Never remove the casing of this product.

To keep the warranty valid, never try to repair the product yourself.

If you encounter problems when using this device, check the following points before requesting service. If the problem remains unsolved, go to the Philips Web page ([www.philips.com/support](http://www.philips.com/support)). When you contact the Consumer Care, make sure that the product is nearby and the model number and serial number are available.

### General

#### No power

- Recharge your speaker.

#### No sound

- Adjust volume on this product.
- Adjust volume on the connected device.
- When you listen to audio through Bluetooth, make sure that no audio input cable is connected to the **AUX** socket.
- Make sure that your Bluetooth device is within the effective operational range.

#### No response from the speaker

- Restart the speaker.

### About Bluetooth device

#### The audio quality is poor after connection with a Bluetooth-enabled device.

- The Bluetooth reception is poor. Move the device closer to this product or remove any obstacle between them.

### Cannot connect with the device.

- The Bluetooth function of the device is not enabled. Refer to the user manual of the device for how to enable the function.
- This product is already connected with another Bluetooth-enabled device. Disconnect that device and then try again.

### The paired device connects and disconnects constantly.

- The Bluetooth reception is poor. Move the device closer to this product or remove any obstacle between them.
- For some devices, Bluetooth connection may be deactivated automatically as a power-saving feature. This does not indicate any malfunction of this product.

# 11 Notice

Any changes or modifications made to this device that are not expressly approved by Gibson Innovations may void the user's authority to operate the equipment.

---

## Compliance

# CE | 588

This product complies with the radio interference requirements of the European Community.

---

## Declaration of conformity

Hereby, Gibson Innovations declares that this product is in compliance with the essential requirements and other relevant provisions of Directive 1999/5/EC. You can find the Declaration of Conformity on [www.p4c.philips.com](http://www.p4c.philips.com).

## Care of the environment

### Disposal of your old product and battery

Your product is designed and manufactured with high quality materials and components, which can be recycled and reused.

This symbol on a product means that the product is covered by European Directive 2012/19/EU.

This symbol means that the product contains a built-in rechargeable battery covered by European Directive 2013/56/EU which cannot be disposed of with normal household waste. We strongly advise you to take your product to an official collection point or a Philips service centre to have a professional remove the rechargeable battery.

Inform yourself about the local separate collection system for electrical and electronic products and rechargeable batteries. Follow local rules and never dispose of the product and rechargeable batteries with normal household waste. Correct disposal of old products and rechargeable batteries helps prevent negative consequences for the environment and human health.

#### **Environmental information**

All unnecessary packaging has been omitted. We have tried to make the packaging easy to separate into three materials: cardboard (box), polystyrene foam (buffer) and polyethylene (bags, protective foam sheet.)

Your system consists of materials which can be recycled and reused if disassembled by a specialized company. Please observe the local regulations regarding the disposal of packaging materials, exhausted batteries and old equipment.
