PHILIPS

Highlights

50mm neodymium speaker drivers

50mm neodymium speaker drivers deliver superior Hi-Fi sound.

Breathable ear cushions

Deluxe breathable ear-pads improve breathability and dissipate pressure and heat for longer wearing comfort.

Comfortable headband cushion

Comfortable double layered headband cushion

Durable steel headband

Steel headband for strength and durability

Open-back, over-ear headphones

An acoustic open-back architecture eliminates air pressure build-up behind the driver, giving the diaphragm greater freedom of movement. This greatly enhances sound transparency and smoothens extended high frequencies.

Precisely angled drivers

Engineered to fit the ear's natural geometry, the earshells offer precise and accurate sound. Audio signals are directly channeled into the ears, creating a dynamic and authentic listening experience.

1.5m cable for freedom
