Highlights

15 mm speaker driver

Small enough for optimum wearing comfort and big enough to deliver crisp, non-distorted sound, the 15 mm speaker driver is an ideal size for listening enjoyment.

Neodymium magnets

Neodymium is the best material for producing a strong magnetic field for greater sensitivity in a voice coil, better bass response and higher overall sound quality.

Slim cap earbud design

Slim cap is ergonomically designed according to the anatomy of the human ear canal. It fits in the ear securely and comfortably for earbud lovers.

Bass Beat vents

Bass beat vents allow air movement for better sound with a deep rich bass.
