

Stereo audio cable

• 1,5 m

SWA2521W/10

Ensure a reliable connection

with this stereo audio cable

Depend on this cable to provide you with a reliable audio connection between components.

Benefits

Enjoy good audio quality

- Nickel-plated connectors for reliable contact
- High purity copper conductor for reliable signal transfer

Protects against signal loss

- Bare copper shielding

Easy installation

- Color coded connectors for instant recognition

- Non-slip ergonomic grip for easy use

Enjoy extended durability

- Molded plug for secure connections
- Flexible PVC jacket
- Rubber strain relief

Features

Nickel-plated connectors

Nickel-plated connectors establish a clean contact between the cable and connector for a reliable connection.

High purity copper

This copper conductor provides high accuracy in signal transfer with minimal resistance.

PHILIPS

Bare copper shielding

Bare copper shielding protects against signal loss.

Color-coded connectors

Color coded connections make it easy to install your cable into the correct inputs and outputs

Easy grip

This non-slip grip makes connecting your components easy and ergonomically comfortable.

Molded plug

Molded plugs ensure secure connections between components and offer extended durability.

Flexible PVC Jacket

Flexible PVC jacket provided protection to the delicate core of the cable. It also offers extended durability and ease of installation.

Rubber strain relief

Rubber strain relief provides a secure, yet flexible juncture between the cable and the plug.
