Highlights

Extra bass. 12 hours play time

This karaoke cube speaker will immerse the room in rich sounds and banging bass. The built-in battery lets you move the party outside for up to 12 hours play time on a single charge.

360° ethereal lightshow

Glowing light bars pulse through the semitransparent speaker creating a futuristic 360° lightshow to accompany your tunes. The lights will change color and pulse along with your music.

2 Karaoke mic inputs

2 mic inputs allow you to kick your party into karaoke mode. Take it up a notch with echo, female/male voice switch and vocal fader voice effects. Both mics and effects have their own controls on the speaker.

Bluetooth, USB and audio-in

Connect any way you like. Stream your tunes via Bluetooth. Easily connect other devices via audio-in or USB. You can also connect to another speaker or amp using the line-out socket.

Wall of light and sound

You can connect up to 50 speakers together. A handle in the top and the cube design allow you to easily stack speakers on top of each other. Create a wall of sound with a glowing mesh of lights to get your party started right.
