Easy pairing. Easy listening.

- Speaker buttons for play/pause, power/source, Bluetooth
- USB charging. Micro USB cable included
- Dimensions: 180x84x140 mm
- Weight: 940 g

Features

Authentic vintage

This retro-style Bluetooth speaker looks like it's straight out of the 1950s. The vintage wooden cabinet. The brass-toned volume control knob and speaker grille. Details from back when jazz had the edge and rock and roll was just beginning.

10 hours play time

The battery gives you 10 hours play time from a full charge. Charging takes around 4 hours and is easy via the included micro USB cable. A simple press of the Bluetooth button gets this speaker ready to pair with your Bluetooth device.

PHILIPS

Crisp sound. Powerful bass.

From hip-hop to EDM. Just because this speaker looks jazz doesn't mean it only plays jazz. Whatever you're listening to, the 3" full-range driver delivers clear, detailed sound. A bass-reflex port fills in the low tones, giving you rounded, powerful bass response.

Easy listening

A play/pause button on top of the speaker easily controls your music, while volume up/down is via the retro-style knob. When the speaker is on, press

the power button to switch between sources. The wireless range is 10 m: perfect for lazy afternoons in the garden or park.

All your music. Any source.

The 3.5 mm aux-in socket at the back of the speaker lets you connect to almost any external audio source. Turntable, MP3 player, CD player: as long as you have the right cable, you can play your whole library.
