# Highlights

## Powered by 2 neodymium drivers

It is built with 2 neodymium speaker drivers and wOOx system; simply the great sound you could ever expect from a speaker that small. Big sound, shocking clarity and deep bass to allow you to enjoy the best sound performance anywhere.

## Bluetooth portable speakers

Bluetooth is a short range wireless communication technology that is both robust and energy-efficient. The technology allows easy wireless connection to other Bluetooth devices, so you can play your favorite music from any smartphones, tablets or even laptops including iPod or iPhone on Bluetooth-enabled speaker easily.

## Drop and splash proof

This Philips SHOQBOX is made to withstand splash and drop, perfect for outdoor adventurers. No worries about rain or spills thanks to the splash protective design. The

rubber casing is a specialized tough material that can withstand drops and rough use. Simply drop it in your bag or hang it on your back pack. Perfect for the outdoors that requires an extra dose of ruggedness.

## Motion sensor

SHOQBOX is equipped with a motion sensor. Simply swipe over the sensor from left to right or right to left, to skip to the next or last track. Put your hand over the sensor for a second to pause the music. Do it again to put it back on. Easy gesture control allows you to control your music the simplest way.

## Built-in mic

With its built-in microphone, it also works as a speaker phone. When a call comes in, the music is put on pause and you can talk via the speaker. Call for a business meeting. Or, call your friend from a party. Either way, it works great.

## Voice prompt

The voice prompt is available in different languages. It gives instant feedback on battery level or alert whether the speaker is connected properly to your device.

## Pairing 2 shoqboxes

You can pair 2 SHOQBOX speakers with the smart sensor for a stereo system of Left and Right channels. Simply place the two speakers side by side and swipe your hands over both sensors from outside in simultaneously. Perfect for a party or gathering. Enjoy big stereo sound from music, movies and games.

# Specifications
