- UPC: 8 40063 20150 7

Voice assistant

- Voice assistant compatible
- Voice assistant activation: Manual
- Voice assistant support

Highlights

IPX4

With an IPX4 rating, these true wireless headphones are resistant to splashing from any direction. They won't mind a little sweat, and you don't need to worry about getting caught out in the rain.

Secure, flexible, comfortable

Flexible wing tips fit under the ridge of your ear, enabling a secure fit and better passive noise isolation. An oval acoustic tube and interchangeable earbud covers enable a comfortable in-ear fit. The flat headphone cable sits comfortably behind your neck whether the earbuds are in or out.

Magnetic earbuds.

These headphones have magnetic earbuds that stick together, and a flat headphone cable that resists tangling. When you pull them out of a bag or pocket, you won't have to untie a knot before you can tune in to your playlist.

Inline remote.

Take a call, pause your playlist. All without touching your smartphone. Smart Bluetooth pairing means these headphones remember the last devices they were paired with.

7 hours play time.

The 8 mm neodymium drivers deliver great sound, and you get up to 7 hours play time from a 2-hour charge via USB-C. If you start running low on power, a quick 15-minute charge will keep the music playing for another 1 hour.
