1 Important

Warning

- Never remove the casing of this speaker.
 - Never place this speaker on other electrical equipment.
 - Keep this speaker away from direct sunlight, naked flames or heat.
-
- Make sure that there is enough free space around the speaker for ventilation.
 - After use under humid circumstance, immediately clean the product with a soft dry cloth.
 - The battery shall not be exposed to excessive heat such as sunshine, fire or the like.

2 Your Bluetooth speaker

Congratulations on your purchase, and welcome to Philips! To fully benefit from the support that Philips offers, register your product at www.philips.com/welcome.

Introduction

This speaker has passed splash-proof test (IPX4) and can be used near water. With this speaker, you can enjoy audio from Bluetooth-enabled devices or other external devices.

What's in the box

Check and identify the contents of your package:

- Speaker
- USB cable for charging
- Quick start guide

Overview of the speaker

① PAIRING

- Enter Bluetooth pairing mode.
- Disconnect Bluetooth connection.
- Answer or reject an incoming call.
- End the current phone call.
- Transfer the call to your mobile device.

② **NFC**

- Connect a NFC compatible device through Bluetooth.

③

- Charge the built-in battery.

④ **AUDIO IN**

- Connect an external audio device.

⑤ **Volume knob ()**

- Adjust volume.
- Turn the speaker on or off.

3 Get started

Always follow the instructions in this chapter in sequence.

Power supply

Either AC power or battery can be used as power supply of this product.

Note

- Rechargeable battery has a limited number of charge cycles. Battery life and number of charge cycles vary by use and settings.
- It takes approximately three hours to fully charge the battery.
- The red LED indicator flashes when the battery is low.

To recharge the built-in battery:

- Connect the USB cable between
 - the  socket on the speaker; and
 - a USB socket on a computer:

LED indicator	Battery status
Solid red	Under charging
Off	Fully charged

Turn on/off

- To turn the speaker on or off, rotate the knob clockwise or anticlockwise until you hear a click.
 - ↳ When the speaker is turned on, the blue LED indicator flashes.
 - ↳ When the speaker is turned off, the blue LED indicator lights off, and the ◀ and ▶ icons are towards the same direction.

Note

- If the battery level is low, the red LED indicator flashes.

Switch to standby mode

- The speaker switches to standby mode in the following situations:
 - The connection with Bluetooth device or other device is invalid for 15 minutes; or
 - Music playback is stopped for 15 minutes.

Adjust volume

- During play, rotate the knob to increase or decrease volume.

4 Use Bluetooth devices

With this speaker, you can listen to audio from Bluetooth-enabled devices and control the incoming call through Bluetooth.

Connect a device

Note

- The speaker can memorize a maximum of four paired devices. The fifth paired device will replace the first one.
- Make sure that Bluetooth function is enabled on your device, and your device is set as visible to all other Bluetooth devices.
- Any obstacle between this speaker and a Bluetooth device can reduce the operational range.
- Keep away from any other electronic device that may cause interference.
- Make sure that no audio input cable is connected to the **AUDIO IN** socket.

Option 1: Connect a device through NFC

Near Field Communication (NFC) is a technology that enables short-range wireless communication between various NFC compatible devices, such as mobile phones and IC tags.

If your Bluetooth device supports NFC, you can connect it with this speaker easily.

- 1 Enable NFC on your Bluetooth device (refer to its user manual).
- 2 Turn on the speaker.
 - ↳ The blue LED indicator flashes.

- 3 Tap the NFC tag on the top of the speaker with the NFC area of your Bluetooth device.

- 4 Follow the on-screen instructions to complete the pairing and connection.
 - ↳ After successful connection, the speaker beeps twice, and the LED indicator turns solid blue.

Option 2: Connect a device manually

Note

- The operational range between this speaker and a Bluetooth device is approximately 10 meters (30 feet).

- 1 On your Bluetooth device, enable Bluetooth and search for Bluetooth devices that can be paired (see the user manual of the device).
- 2 Turn on the speaker.
 - ↳ The blue LED indicator flashes.

3 Select **[Philips BT6000]** displayed on your device for pairing. If necessary, input “0000” as the pairing password.

- ↳ After successful connection, the speaker beeps twice, and the LED indicator turns solid blue.
- If you fail to find **[Philips BT6000]** on your device for pairing, press and hold **PAIRING** until you hear beep sound, and then try again.

LED indicator	Description
Flashing blue	Connecting; Waiting for pairing
Solid blue	Connected

Play from Bluetooth device

Note

- If there is an incoming call on the connected mobile phone, music play pauses.

After successful Bluetooth connection, play audio on the Bluetooth device.

- ↳ Audio streams from your Bluetooth device to the speaker.

Control your phone call

After Bluetooth connection, you can control an incoming call with this speaker.

Button	Function
	Press to answer an incoming call.
	Press and hold for three seconds to reject an incoming call.
	During a call, press to end the current call.
	During a call, press and hold for three seconds to transfer the call to your mobile device.

Disconnect a device

- Press and hold **PAIRING** for three seconds when there is no incoming call;
- Disable Bluetooth on your device; or
- Move the device beyond the communication range.
 - ↳ The speaker beeps twice, and the blue LED indicator flashes.

Note

- Before connecting another Bluetooth device, disconnect the current device first.

Reconnect a device

When you turn on the speaker, it will reconnect the last connected device automatically; If not, select **[Philips BT6000]** on your Bluetooth device to start connection.

5 Listen to an external device

With this speaker, you can also listen to an external audio device such as an MP3 player.

Note

- Make sure that music playback through Bluetooth is stopped.

- 1 Open the protective cover on the left of the speaker.
- 2 Connect an audio input cable (not supplied) with a 3.5 mm connector on both ends to
 - the **AUDIO IN** socket on this speaker; and
 - the headphone socket on the external device.
- 3 Play audio on the external device (refer to its user manual).

6 Product information

Note

- Product information is subject to change without prior notice.

General information

Built-in Battery	Li-ion battery (3.7V, 4400 mAh)
Standby Power Consumption	<1 W
Eco Standby Power Consumption	<0.5 W
Dimensions - Main Unit (W x H x D)	188 x 70 x 71 mm
Weight - Main Unit	0.5 kg

Specifications

Amplifier

Rated Output Power	2 X 5W RMS
Frequency Response	40 -20000 Hz, ± 3 dB
Signal to Noise Ratio	> 65 dBA
Audio In	600 mV (RMS), 22 kohm

Speaker

Speaker Impedance	8 ohm
Speaker Driver	1.5 inch full range
Sensitivity	>85dB/m/W \pm 2dB/m/W

Bluetooth

Bluetooth Version	V4.0
Supported Profiles	HFP, A2DP, AVRCP
Range	10 m (Free space)

7 Troubleshooting

Warning

- Never remove the casing of this device.

To keep the warranty valid, never try to repair the system yourself.

If you encounter problems when using this device, check the following points before requesting service. If the problem remains unsolved, go to the Philips Web page (www.philips.com/support). When you contact Philips, make sure that the device is nearby and the model number and serial number are available.

General

No power

- Recharge your speaker.

No sound

- Adjust volume on this product.
- Adjust volume on the connected device.
- Make sure that your Bluetooth device is within the effective operational range.

No response from the speaker

- Recharge the speaker.

The LED indicator is solid red, and the speaker has no response when pressing any key.

- The speaker is in DEMO mode. Press and hold **PAIRING** for 15 seconds to exit this mode.

About Bluetooth device

The audio quality is poor after connection with a Bluetooth-enabled device.

- The Bluetooth reception is poor; Move the device closer to this product or remove any obstacle between them.

Fail to find [Philips BT6000] on your device for pairing.

- Press and hold **PAIRING** for three seconds, and then try again.

Cannot connect with the device.

- The Bluetooth function of the device is not enabled. Refer to the user manual of the device for how to enable the function.
- This product is already connected with another Bluetooth-enabled device. Disconnect that device and then try again.

The paired device connects and disconnects constantly.

- The Bluetooth reception is poor; Move the device closer to this product or remove any obstacle between them.
- For some devices, Bluetooth connection may be deactivated automatically as a power-saving feature. This does not indicate any malfunction of this product.

8 Notice

Any changes or modifications made to this device that are not expressly approved by Gibson Innovations may void the user's authority to operate the equipment.

This product is designed to be waterproof in compliance with IEC 60529 IPX4.

Care of the environment

Disposal of your old product

Your product is designed and manufactured with high quality materials and components, which can be recycled and reused. Do not throw away the product with the normal household waste at the end of its life, but hand it in at an official collection point or recycling. By doing this, you help to preserve the environment.

Caution

- Removal of the built-in battery invalidates the warranty and may destroy the product.

Always bring your product to a professional to remove the built-in battery.

Environmental information

All unnecessary packaging has been omitted. We have tried to make the packaging easy to separate into three materials: cardboard (box), polystyrene foam (buffer) and polyethylene (bags, protective foam sheet.) Your system consists of materials which can be recycled and reused if disassembled by a specialized company. Please observe the local regulations regarding the disposal of packaging materials, exhausted batteries and old equipment.
