Highlights

imagen Pro for vibrant colors

The unique Philips imagen enhancement technology automatically analyzes your photos to correct color and adjust for optimal contrast. imagen Pro is a more advanced image enhancement which includes the 3 essential elements from imagen to have more color accuracy, color depth and smart contrast. On top of these, imagen Pro offers enhanced skin color, sharper images and flicker-free photo viewing which is very important for still pictures.

Touch border control

The touch sensitive controls are instantly illuminated during operations, making it easy and enjoyable to scroll through your photos smoothly.

Quick easy menu

Philips unique quick easy menu design make you the best experience on browsing, searching, and organizing

View photos with collages

choose to view your photos with 10 collage styles!

A choice of 15 animated clocks

Keep time your way, with a choice of 15 fun animated clocks.

Auto on/off display

A timer turns PhotoFrame on and off at the hours you select, reducing energy consumption for the sake of our environment saving up to one third of your PhotoFrame energy costs.
