- Maximum range: up to 33 feet / 10

## Convenience

- Call management: Answer / End call, Reject call, Last number redial, Call transfer

## Power

- Talk time: up to 5 hour(s)
- Battery Type: Li-polymer
- Rechargeable
- Power supply headset: via USB adapter
- Standby time: up to 120 hour(s)
- Output: 5V, 1A
- Power input: 10.5-18VDC, 0.8A

## Accessories

- Included: Earhook (optional), Quick start guide

## Inner Carton

- Gross weight: 0.515 kg
- GTIN: 2 48 95185 61998 3
- Inner carton (L x W x H): 23.5 x 21 x 11 cm
- Number of consumer packagings: 6

- Tare weight: 0.215 kg
- Nett weight: 0.3 kg

## Outer Carton

- Gross weight: 3.492 kg
- GTIN: 1 48 95185 61998 6
- Outer carton (L x W x H): 65 x 25.5 x 24 cm
- Number of consumer packagings: 36
- Tare weight: 1.692 kg
- Nett weight: 1.8 kg

## Packaging dimensions

- Packaging dimensions (W x H x D): 9.5 x 19.5 x 3.5 cm
- EAN: 48 95185 61998 9
- Gross weight: 0.076 kg
- Nett weight: 0.05 kg
- Number of products included: 1
- Packaging type: Blister
- Tare weight: 0.026 kg
- Type of shelf placement: Both

## Product dimensions

- Product dimensions (W x H x D): 5.6 x 8.6 x 0.6 cm
- Weight: 0.05 kg

# Highlights

## Bluetooth HSP/HFP compliant

Bluetooth is a cable replacement technology. Bluetooth is a global standard, so Bluetooth devices of different manufacturers can interoperate using shared Bluetooth profiles. HSP (Handset Profile) and HFP (Handsfree Profile) are the profiles required for typical Bluetooth headset operations. If your mobile phone is compliant to HSP or HFP (like virtually any Bluetooth enabled phone) this headset will work with it. The Bluetooth word mark and logos are owned by the Bluetooth SIG, Inc. and any use of such marks by Koninklijke Philips Electronics N.V. is under license.

## Clear, echo free calls

Enjoy clear, echo free calls with the headsets' highly sensitive microphone and smart acoustic design.

## Ergonomic earhook

The ergonomic earhooks size can be adapted in various steps to fit your ears, which will not only increase comfort but also ensure a safe fixture. In addition the earhook can be adapted to accommodate both left- and right-ear wearing styles.

## Wireless call management

Manage your call without using your mobile phone. This includes call acceptance, rejection, voice dial and redial. Voice dial and redial have to be supported by your mobile phone.

## Wireless handsfree talking

Using your cellphone without a headset can be inconvenient and unsafe. In many locations it is also illegal while driving. Wired handsfree kits add the hassle of a cable. A Bluetooth headset replaces the cable with a short range wireless Bluetooth connection, so your hands are free and your freedom to move is not hampered by a cable. Because the transmitted energy close to your head is much lower than that radiated from your mobile phone Bluetooth also decreases potential risks associated with cellphone radiation.
