Add superior 5.1 surround sound to your TV

Obsessed with sound

Add superior surround sound to your TV without the clutter. Philips SoundBar with Ambisound allows you to enjoy amazing TV and movie entertainment with your Blu-ray or DVD player in cinema-like multi-channel surround sound.

Great listening experience

- 300 W RMS power delivers great sound for movies and music
- Dolby Digital and DTS for great surround sound
- Ambisound for surround sound from fewer speakers

Designed to enhance your cinema at home

- Touch panel for intuitive playback and volume control
- Flexible placement on the wall, tabletop or stand
- SoundBar design best fits a 102 cm (40") flat TV or larger

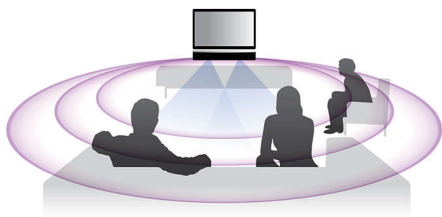

Simply enjoy all your entertainment

- Audio-in to enjoy music from iPod/iPhone/MP3 player
- HDMI Hub to connect HDMI devices for great sound and pictures
- Easily connect your TV via a single HDMI cable

PHILIPS

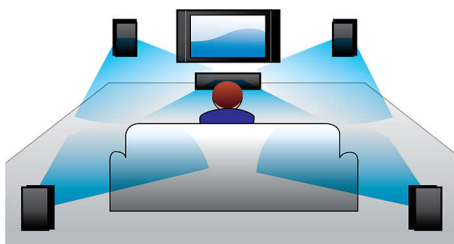

Highlights

Ambisound

Ambisound technology produces truly embracing multi-channel surround sound from fewer speakers. It delivers an immersive 5.1 sound experience without the constraints of sitting position, room shape or size, and without the clutter of multiple speakers and cables. Through the combined effect of psychoacoustic phenomena, array processing and precisely angled driver positioning, Ambisound delivers more sound from fewer speakers.

Dolby Digital and DTS

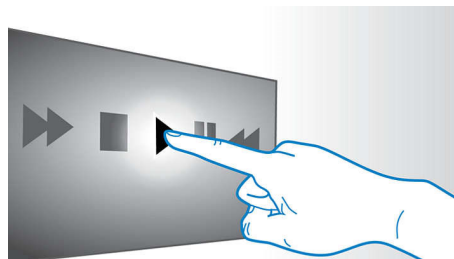

Go digital and get the most out of your music and movies. Even stereo music sounds great because Dolby Digital and DTS Digital Surround enhance digital music and videos, pumping it up so you get truly immersive surround sound out of your home cinema speaker.

300 W RMS power

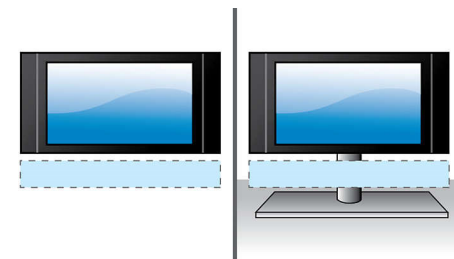

300 W RMS power delivers great sound for movies and music

Touch panel for playback

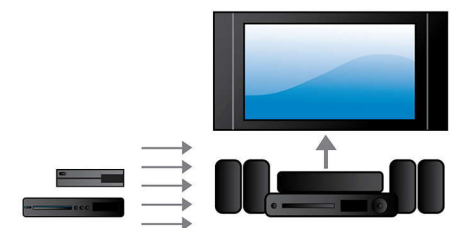

Intuitive touch panel control allows you to control the volume as well as other playback options by simply pressing the touch sensitive controls on the front panel.

Flexible placement

Enjoy the versatility of this home theatre system that allows you to place it where you want. Whether on a TV stand, on a table or mounted on a wall, the product looks sensational and functions without compromise. For once, you get to control how your home looks without giving up an incredible home theatre experience.

HDMI Hub

The HDMI Hub provides additional HDMI ports to allow you to conveniently connect other devices such as your games console or HD set-top box to your home theatre. By connecting your devices through the HDMI Hub, you can enjoy high-definition sound and pictures for all your entertainment.

Easily connect your TV

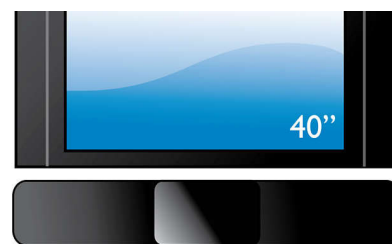

Easily connect your TV via a single HDMI cable

Audio in

Audio-in allows you to easily play your music directly from your iPod/iPhone/iPad, MP3 player or laptop via a simple connection to your home cinema. Simply connect your audio device to the Audio-in jack to enjoy your music with the superior sound quality of the Philips home cinema system.

SoundBar design (102 cm/40")

The SoundBar lends an air of sophistication and grace to any living room. Though it is designed to fit a flat TV with a 102 cm (40") screen or larger, it will also sit under any other flat TV like a companion - matching your whole interior and lifestyle.
