Set the trend with the Original Radio mini

This Philips Original radio mini brings back the fun in radio. Delightfully retro, it offers Bass Reflex Speaker System's powerful bass, and a large analog tuning knob that is lit to help you get to your favorite stations with perfect ease.

High fidelity radio experience

- Bass Reflex Speaker System delivers a powerful, deeper bass
- FM/MW analogue radio tuning

Easy to use

- Large analogue tuning knob for easy tuning
- Illuminated tuning pointer for easy viewing and tuning
- Audio-in for easy portable music playback

Contemporary retro design

- Contemporary reinterpretation of the iconic Philetta design

Original radio mini
FM/MW Audio-in, 3W

Highlights

Bass Reflex Speaker System

Bass Reflex Speaker System delivers a deep bass experience from a compact loudspeaker box system. It differs from a conventional loudspeaker box system in the addition of a bass pipe that is acoustically aligned to the woofer to optimize the low frequency roll-off of the system. The result is deeper controlled bass and lower distortion. The system works by resonating the air mass in the bass pipe to vibrate like a conventional woofer. Combined with the response of the woofer, the system extends the overall low frequency sounds to create a whole new dimension of deep bass.

AUDIO-IN (3.5mm)

Make one easy connection and enjoy all your music from portable devices and computers. Simply plug your device to the AUDIO-IN (3.5 mm) port on your Philips set. With computers, the connection is typically made from the headset output. Once linked, you can enjoy your entire music collection directly, on a set of superior speakers. Philips simply delivers better sound.

Iconic Philetta design

Inspired by 1955 Original Radio - This original radio mini carries forward the iconic elements of the legendary 1955 Philips radio, also known as Philetta "BF 102 U". At the time this compact radio wowed its audiences with simplicity design, big sound and crystal clear reception. Philips radio heritage dates back to 1927. Over the decades many models have become renowned radio icons and collectors' items.
