Note

- * In multi-handset packs, there are additional handsets, chargers and power adapters.
- ** In some countries, you have to connect the line adapter to the line cord, then plug the line cord to the telephone socket.

Caution

- Use only the supplied batteries and power adapter.

1 Connect

Connect the base station

- 1 Connect each end of the power adapter to:
 - the DC input jack at the bottom of the base station;
 - the power socket on the wall.
- 2 Connect each end of the line cord to:
 - the telephone socket at the bottom of the base station;
 - the telephone socket on the wall.

For multi-handset version only:

- 3 Connect each end of the power adapter to:
 - the DC input jack at the bottom of the extra handset charger;
 - the power socket on the wall.

2 Get started

Configure your phone

- 1 The batteries are pre-installed in the handset. Pull the battery tape off from the battery door before charging.
- 2 When using your phone for the first time, you see a welcome message (country dependent).
After the welcome message, press **[OK]**.
- 3 Please set the country and language if prompted.
- 4 Set the date and time.
 - If the time is in 12-hour format, press  key to select **[AM]** or **[PM]**.

Charge your phone

Place the handset on the base station to charge the handset. When the handset is placed correctly on the base station, you hear a docking sound.

↳ The handset starts charging.

Note Charge the batteries for 8 hours before first use.

Check the battery level

When the handset is off the base station/charger, the bars indicate the battery level (full, medium and low). When the handset is on the base station/charger, the bars flash until charging completes.

The empty battery icon flashes and you hear an alert tone.

The battery is low and needs recharging.
