Highlights

Compact form

A large digital-time display glows behind the fabric surround of this Bluetooth alarm clock.

Key controls

Key controls are located on the glossy top panel, which also hides a wireless Qi charging pad for your phone.

Versatile function

Press for pairing, snooze/brightness, volume, or play/pause. For older-style phones, there's a USB charging port.

Sleep Timer

Drift into restful sleep with your favorite podcast or playlist playing in the background. You can set the clock's Sleep Timer to stream from your device for up to 2 hours. After your preset time has elapsed, the speaker turns off. No more waking in the middle of the night, wondering why your music is still playing!

One clock, two wake-up calls

The dual alarm function lets you set two different alarms. Perfect if you're likely to snooze through the first alarm. Or if your partner needs to wake before you.
