

Philips
wireless portable speaker

Bluetooth®
Rechargeable battery
2W

BT50L

Big sound that fits in a fist

Live life with music streamed wirelessly from one compact, round and easy to carry speaker. Bright colors help you pick one that fits your style and a built-in rechargeable battery keeps music pumping wherever and whenever you take it.

Impressive sound

- Advanced audio performance with a compact design
- Anti-clipping function for loud, distortion free music

Designed for grab and go

- Built-in rechargeable battery for music playback anywhere

Simplicity in use

- Audio-in for easy connection to almost any electronic device
- Wireless music streaming via Bluetooth

PHILIPS

wireless portable speaker
Bluetooth® Rechargeable battery, 2W

Highlights

Wireless music streaming

Bluetooth is a short range wireless communication technology that is both robust and energy-efficient. The technology allows easy wireless connection to iPod/iPhone/iPad or other Bluetooth devices, such as smartphones, tablets or even laptops. So you can enjoy your favorite music, sound from video or game wireless on this speaker easily.

Anti-clipping function

Anti-Clipping lets you play music louder and keeps it high quality, even when the battery is

low. It accepts a range of input signals, from 300mV to 1000mV and keeps your speakers safe from damage by distortion. This built-in function monitors the musical signal as it goes through the amplifier and keeps peaks within the amplifier's range, preventing the audio distortion caused by clipping without affecting loudness. A portable speaker's ability to reproduce musical peaks decreases along with battery power, yet anti-clipping reduces peaks caused by low battery, keeping music distortion free.

Audio-in

Audio-in for easy connection to almost any electronic device

BT50L/37

Built-in rechargeable battery

Play music out loud - anytime, anywhere. The built-in rechargeable battery lets you enjoy your personal music without the fuss of entangled power cords and the inconvenient search for an electrical outlet. Enjoy great music with the freedom of portability now.
