

Hi-Res Audio wireless over-ear headphone

- 40mm drivers/closed-back
- Over-ear

TAPH805BK/10

## Control the silence

Over-ear wireless active noise canceling headphone

Hear your music, not the rain. You can control the Active Noise Canceling function on these wireless over-ear headphones to match your situation. With 30 hours play time plus flexible quick charging, you are covered for the whole trip

### Benefits

Feels good. Looks good. Plays long

- 30 hours play time or talk time (25 hours with ANC on)
- Active Noise Canceling (ANC). Lose yourself, not the music
- Smooth, adjustable headband. Soft ear-cup cushions
- Flat-folding and compact-folding design. Easy storage

Love what you hear

- Hi-Res Audio. Hear every detail
- Line-in cable port for wired listening
- 40 mm neodymium acoustic drivers. Detailed sound

From focus playlist to vital call

- Touch control. Swipe, tap, and press for easy control
- Google Assistant. Manage your life on the move
- Built-in mic with echo cancellation for clear audio
- Rapid charge. Charge for 5 minutes, get 2 hours play
- Quick Charge. Charge for 15 minutes, get 6 hours play

### Features

Every trip. 30 hours play time

On any trip, these headphones are up to the task. A single charge takes just 2 hours. You get 30 hours play time (or talk time) with Active Noise Canceling

**PHILIPS**

off, and 25 hours with it on. Two levels of fast charging--Rapid Charge and Quick Charge--give you an extra 2 or 6 hours play time.

### Music. Or silence.

Leave it all behind with Active Noise Canceling. Shut off the noise of a train or busy office at the touch of a button. If you're out and about, you can listen to your music and stay tuned to the noise of the street in Awareness Mode.

### Perfectly tuned comfort

From playlist to podcast, perfectly tuned neodymium acoustic drivers deliver deep bass and clear midrange frequencies. Soft ear-cup cushions cover your whole ear, creating a seal that passively isolates external noise. The headband is light, easily adjustable, and smooth: there'll be no getting these headphones tangled in your hair.

### Flexible design

These wireless headphones boast soft ear-cups that fold neatly in two configurations. You can fold them flat, perfect for storing in your office drawer

or the included carrying pouch. Or you can fold them flat and inwards, creating a compact bundle that fits into coat pockets and bags.

### Hi-Res Audio

Twinkling pianos. Blistering rock. Whatever you love, Hi-Res Audio headphones let you feel the full impact of every note. When wired to a Hi-Res source, you'll get the full benefit of lossless audio that's recorded at a higher sample rate than CDs<sup>®</sup> for a brilliantly lifelike performance.

### Smart. At a touch.

Control volume by swiping up or down on the ear-housing touch control panel. You can activate or deactivate Active Noise Canceling with a single tap. Or engage Awareness Mode to hear more of the world around you while the music keeps playing. The built-in mic with echo cancellation keeps sound clear when you're talking.

### Hey Google!

Manage your life without taking out your phone. A simple touch on the headband activates Google Assistant. You can ask it to open your calendar, read notifications from your phone, call or send messages to friends, manage playlists, and much more.
