- Up to 4-hour playback with rechargeable battery\*
- Smart Car Mount for ease-of-use
- USB 2.0 connector and SD memory card slot

# PHILIPS

sense and simplicity

# Highlights

## Play DVD, DivX and MPEG4

With DivX® support, you are able to enjoy DivX® encoded videos in the comfort of your living room. The DivX® media format is an MPEG4-based video compression technology that enables you to save large files like movies, trailers and music videos on media like CD-R/RW, memory cards and DVD-video. DivX® CDs can be played back on selected DVD players, DVD Recorders and Home Theater Systems.

## Zero Bright Dot™ screen

Enjoy highest-quality images that are free from annoying blank spots on the LCD screen. LCD displays commonly have imperfections, termed

as 'bright dots' by the LCD industry. A limited number of bright dots were once considered an inevitable side effect of LCD mass production. With Philips' strict quality control procedures used in our Portable DVD Players, our LCD displays are produced with zero tolerance for bright dots. Select Portable DVD Players come with Philips Zero Bright Dot™ Policy to guarantee optimal screen quality.

## Smart Car Mount

To enjoy entertainment on the go, why not bring your portable DVD player from home on the road with you? A unique Car Mount system ensures ease-of-use, with a quick-

release arm that facilitates easy removal of the player when not in use. You can bring the portable DVD player with you, leaving just the Mount behind in the car.

## USB 2.0 and SD card slot

Enjoy the high-speed and convenience of accessing more capacity to transfer photos, videos and MP3 music files by using USB 2.0. You can also access more capacity to store photos, videos and MP3 music files on your Philips player by inserting an SD card into the built-in SD card slot.

# Specifications

## Picture/Display

- Display screen type: LCD TFT
- LCD panel type: Anti-glare polarizer
- Diagonal screen size (inch): 10.2 inch
- Resolution: 800(W)×480(H)×3(RGB)
- Brightness: 200 cd/m<sup>2</sup>
- Contrast ratio (typical): 250:1
- Effective viewing area: 222.0X133.2mm
- Pixel pitch: 0.1905(W)×0.1905(H) mm
