### **Impressive sound**

- Advanced audio performance with a compact design

### **Designed to go places**

- USB port to charge any mobile device

### **Designed for grab and go**

- Built-in rechargeable battery for music playback anywhere

# Highlights

## Bluetooth-enabled

Bluetooth is a short range wireless communication technology that is both robust and energy-efficient. The technology allows easy wireless connection to other Bluetooth devices, so you can play your favorite music from any smartphones, tablets or even laptops including iPod or iPhone on Bluetooth-enabled speaker easily.

## USB port

This speaker features a USB port, if your smartphone is running out of battery either at home or on the go, this portable speaker allows you to transfer the battery stored in the speaker to your mobile device.

## Built-in microphone

With its built-in microphone, this speaker also works as a speaker phone. When a call comes in, the music is put on pause and you can talk via the speaker. Call for a business meeting. Or, call your friend from a party. Either way, it works great.

## Audio-in

Audio-in for easy connection to almost any electronic device
