Highlights

Subtitle and zoom

Enjoy easy access to DVD features: view subtitles and zoom at the touch of a button.

Chapter +/- and chapter scan

Easily locate and scan the succeeding or preceding chapters on a disc at the touch of a button.

Guide, select/OK, quit, scroll

Features allow you to access on-screen satellite channel guide, select/OK, quit and scroll to easily navigate through the guide.

Easy keypad design

Convenient ergonomic access to all features and functions of the remote control makes it easy to access and operate.

Advanced PIP with toggle

Allows you to switch back and forth between two channels from two different tuners.

Sleep timer

Programmable to shut off the TV anywhere from 1 to 99 minutes. Will act as a sleep timer for any TV with or without a sleep timer.

Volume/Mute punch through

Eliminates the need to switch back to TV mode to control volume and mute functions

Input choices

Allows you to select from available viewing sources

Menu

The ability to access each component menu and set up the component to your needs.

Quick learning

The ability to copy favorite features and functions from existing remotes. Remotes are placed head to head and codes are transferred from one to another.

One-touch convenience

One-touch control allows you to perform multiple commands with one press of a button via a macro. A macro combines a string of pre-programmed commands under one single button. Therefore, it simply takes one button press to execute a series of functions.
