- Main unit height: 56 mm
- Packaging width: 138 mm
- Main unit width: 130 mm
- Packaging height: 213 mm
- Packaging depth: 56 mm

Power

- Battery voltage: 9 V
- Battery type: 6F22 9V
- Number of batteries: 1
- Power type: AC Input

Highlights

Wake up to radio or a buzzer

Wake up to sounds from your favorite radio station or a buzzer. Simply set the alarm on your Philips Clock radio to wake you with the radio station you last listened to or choose to wake up with a buzzer sound. When the wake up time is reached, your Philips Clock radio will automatically turn on that radio station or trigger the buzzer to sound.

Gentle wake

Start your day right by waking up gently to a gradually escalating alarm volume. Normal alarm sounds with a preset volume are either too low to wake you up or are so uncomfortably loud that you are rudely jolted awake. Choose to wake up to your favorite music, radio station or buzzer alarm. Gentle wake's alarm volume gradually increases from subtly low to reasonably high in order to gently rouse you.

Battery back-up

Battery back-up ensures memory of time during power failure

gentle wake
