- **Battery Playing Time CD:** 30h(2xAA alkaline batteries)
- **Battery playing time (Tuner):** 50h(2XAA alkaline batteries)
- **Battery type:** AA, AAA, LR03, LR6, UM3, UM4
- Rechargeable

Product highlights

200 second Magic ESP™

Magic Electronic Skip Protection™ is a convenient feature that ensures skip-free music even when your MP3-CD player is subjected to knocks and jolts while you are jogging or on the move. Devices with Magic Electronic Skip Protection™ have an intelligent electronic buffer that can store different digital music formats such as MP3, WMA and CDDA. The buffer adjusts both its contents and laser spin speeds automatically to guarantee uninterrupted music listening.

Charging Cradle

Enjoy the ease and convenience of recharging your CD player simply by docking it in this compact and portable charging cradle. It fits on any desktop and can be stationed anywhere. When you connect the AC/DC adaptor to the charging cradle, the LED indicator will turn red to show that your CD player is charging. Once the rechargeable batteries in the player are fully charged, the LED indicator will turn green. Now your player is fully powered-up so you can continue enjoying your music.

Digital Dynamic Bass Boost

Digital Dynamic Bass Boost is an intelligent bass booster that delivers maximum bass enhancement at high volumes without sound distortion and at low volumes without compromising on bottom-end bass frequencies. Technologically advanced electronics constantly monitor volume and bass levels, precisely calibrating both to prevent sound distortion, thus producing optimized bass. Digital Dynamic Bass Boost enables the enjoyment of superb bass performance - regardless of the chosen volume level.
