### Easy to use

- Direct preset keys for quick access to stored radio stations
- Built-in clock function
- Large backlit LCD display for easy viewing in low light
- Low battery indicator keeping you informed of power level
- Mains or battery operated for flexible placement

# PHILIPS

# Highlights

## Built-in clock

A built-in clock keeps time accurately. When the radio is off, the clock display comes on for added convenience.

## Large backlit LCD display

Backlit LCD display ensures easy viewing and operation in low light conditions, and provides clear information at a glance.

## Stereo headphone jack

Connect your own headphones with this Philips device for a more personal listening experience whenever you want it. You can enjoy your favorite music in great sound without disturbing others by connecting your headphones to this device.

## Low battery indicator

The low battery indicator lights up when the power is low.

## Mains or battery operated

Power your Philips radio set with batteries or a direct mains supply, and enjoy great convenience and flexibility. When a power socket is not available or when you don't want unsightly wires trailing, simply operate the set with batteries. When you need a continuous and stable power supply, connect the set directly to a wall socket. Now you can truly enjoy the freedom of listening wherever you like.

## FM/MW tuner

FM/MW (AM) stereo tuner

## Direct preset keys

Direct preset keys for quick access to stored radio stations

## Built-in speaker

A speaker offers good sound quality for more pleasure.
