Digital TV antenna

Indoor

Amplified

SDV6300

## Digital TV antenna, indoor amplified, slim design

### Paper-thin antenna

This amplified antenna with a noise-reduction filter was designed to provide an improved reception for digital and analogue broadcasts. 25 km broadcast distance.

#### **Protects against signal loss**

- 25 km from your nearest transmitter
- 3 m coaxial cable included
- 4K Ultra HD TV and sound quality
- Maintain the quality of your signal
- With signal-amplification technology

#### **Easily fits in with your home decor**

- Paper-thin design antenna

# Highlights

**3 m coaxial cable included**

Package includes a 3 metre coaxial cable.

**25 km transmitter range**

For the best performance, we recommend you use this antenna within a range of 25 km from your nearest transmitter.

**Maintain the signal quality**

Maintain the quality of your signal with an advanced 4G filter which prevents interference from mobile signal. This RED-compliant technology also provides a noise-reduction filter against signal loss.

**Signal amplification**

Active signal-amplification technology to deliver high-quality images and sound.
