

Wireless Hi-Fi Headphone

- Over-ear

SHC5112/10

Wireless freedom

Fully rechargeable headphones

No more hassle with the cables — with these Philips headphones you are free to move around at home for music enjoyment. Rechargeable with a lightweight design, it's comfortable for extended use.

Benefits

The perfect wireless listening experience

- 32 mm speaker driver delivers high-performance sound
- FM Wireless transmission for freedom of movement

Comfortable for long use

- Lightweight design improves comfort for prolonged use.
- Self-adjusting inner headband

Convenience

- 2 headphones means you can share your music with a friend
- Choose from 2 channels to minimise interference
- Fully rechargeable

Features

Lightweight design

The durable, lightweight quality materials of these Philips headphones enhance comfort for extended wear.

32 mm speaker driver

The 32 mm speaker driver is a compact yet powerful element for delivering non-distorted sound with any given input power.

PHILIPS

FM Wireless transmission

With high-frequency FM wireless transmission, which can even pass through walls, you can even listen to your music when you're in another room.

Self-adjusting inner headband

Typically, headphones worn outdoors are adjustable by sliding an extendable headband into position. This can be inconvenient as it usually has to be done every time you use them. But now you can get your music fix faster and easier thanks to the flexible, self-adjusting inner headband on these headphones, which automatically adjusts to your head's shape and size.

2 headphones included

With two headphone sets, you can share the 'personal' listening experience with a friend.
