Micro music system

iPhone 5  
with Lightning connector

DCM2068

## Sound system that fits your home

Obsessed with sound

Let your portable music play on at home. This Philips DCM2068/12 micro sound system comes with a dock for the iPod/iPhone/iPad, and with a USB Direct for portable devices. Whether wall-mounted or on a tabletop, the system looks sensational.

### Enrich your sound experience

- Bass Reflex Speaker System delivers a powerful, deeper bass
- Digital Sound Control for optimized music style settings
- Dynamic Bass Boost for deep and dramatic sound
- 20W RMS maximum output power

### Enjoy your music from multiple sources

- Play and charge your iPod/iPhone/iPad
- Play MP3/WMA-CD, CD and CD-RW
- USB Direct for MP3/WMA music playback
- MP3 Link for portable music playback
- Digital tuning with preset stations for extra convenience
- Radio Data System for station information and data services

### Design that blends into your interior

- Wall-mountable option for flexible placement
- Motorized sliding front door adding style and elegance

**PHILIPS**

# Highlights

## Bass Reflex Speaker System

Bass Reflex Speaker System delivers a deep bass experience from a compact loudspeaker box system. It differs from a conventional loudspeaker box system in the addition of a bass pipe that is acoustically aligned to the woofer to optimize the low frequency roll-off of the system. The result is deeper controlled bass and lower distortion. The system works by resonating the air mass in the bass pipe to vibrate like a conventional woofer. Combined with the response of the woofer, the system extends the overall low frequency sounds to create a whole new dimension of deep bass.

## Digital Sound Control

Digital Sound Control offers you a choice of pre-set Jazz, Rock, Pop and Classic controls you can use to optimise the frequency ranges for different musical styles. Each mode uses graphic equalizing technology to automatically adjust the sound balance and enhance the most important sound frequencies in your chosen music style. Ultimately, Digital Sound Control makes it easy for you get the most out of your music by precisely adjusting the sound balance to match the type of music you are playing.

## Dynamic Bass Boost

Dynamic Bass Boost maximizes your music enjoyment by emphasizing the bass content of the music throughout the range of volume settings - from low to high – at the touch of a button! Bottom-end bass frequencies usually get lost when the volume is set at a low level. To counteract this, Dynamic Bass Boost can be switched on to boost bass levels, so you can enjoy consistent sound even when you turn down the volume.

## Play & charge iPod/iPhone/iPad

Enjoy your favorite MP3 music while charging your iPod/iPhone/iPad! The dock lets you connect your portable device directly to the Philips system so you can listen to your favorite music in superb sound. It also charges your iPod/iPhone/iPad while it plays so you can enjoy your music and not have to worry about your portable player battery running out. The system automatically charges your portable device while it is docked.

## USB Direct

With the USB Direct mode, simply plug in your USB device to the USB port on your Philips device and your digital music will be played directly from the Philips device.

## MP3 Link

The MP3 link connectivity allows direct playback of MP3 content from portable media players. Besides the benefit of enjoying your favorite music in the superior sound quality delivered by the audio system, the MP3 link is also extremely convenient as all you have to do is to plug your portable MP3 player to the audio system.

## Radio Data System (RDS)

The Radio Data System (RDS) lets you tune into radio stations without having to remember the frequencies. In standard mode, RDS displays the station name instead of the transmission frequency, facilitating quick and easy tuning. RDS also allows stations to send text messages such as news and station information directly to the radio display. Commonly used in Europe, RDS text is sent out on the same frequency the radio station broadcasts on. You can choose either the basic RDS display (station name) or subscribe to additional text-based services.

# Specifications

## Sound

- Output power: 2 x 10 W RMS
- Sound enhancement: digital sound control, Dynamic Bass Boost
- Volume control: up/down

## Loudspeakers

- No. of built-in speakers: 2
- Speaker drivers: 2.75" woofer
- Speaker types: bass reflex speaker system

## Audio playback

- Disc playback modes: fast forward/backward, next/previous track search, repeat/shuffle/program
- Playback media: CD, CD-R/RW, MP3-CD, USB flash drive, WMA-CD
- USB Direct playback modes: fast backward/fast forward, play/pause, previous/next, repeat, shuffle, stop
- Docking playback modes: fast forward and backward, menu, up and down, next and previous track, play and pause
- Others: ID3-tag support

## Tuner/Reception/Transmission

- Tuner bands: FM mono, FM stereo
- Station presets: 20
- RDS: program type, radio text, RDS clock set, station name
- Antenna: FM antenna (75 ohm)
- Tuner enhancement: auto digital tuning, auto scan, Easy set (plug & play)

## Connectivity

- Headphone: 3.5 mm
- MP3 Link: 3.5mm stereo line in
- USB: USB host

## Convenience

- Alarms: CD Alarm, Radio Alarm, USB alarm, iPod Alarm
- Clock: On main display, sleep timer
- Charging device: iPad, iPhone, iPod
- Display type: LCD display
- Loader type: front, motorised

## Accessories

- Included accessories: 3.5mm stereo line in cable, AC-DC Adapter, FM antenna, Quick Use Guide, Screws for wall mounting x2
- Remote control: 31-key remote
- User Manual: 16 languages

## Dimensions

- Set dimensions (W x D): 400 x 98 mm
- Set height (with stand): 235 mm
- Packaging width: 456 mm
- Packaging height: 251 mm
- Packaging depth: 197 mm
- Gross weight: 4.2 kg
- Net weight: 3.3 kg

## Power

- Power supply: 110-240V, 50/60 Hz

## iPod compatibility

- Compatible with: iPod nano 7th generation, iPod touch 5th generation

## iPhone compatibility

- Compatible with: iPhone 5

## iPad compatibility

- Compatible with: iPad mini, iPad with Retina display
