# Highlights

## 40 mm speaker driver

The 40 mm speaker driver is made of a composite mylar material for a highly sensitive yet powerful element that delivers sound without audible distortion.

## Ergonomically shaped cushions

The ergonomic earcushion shape and luxurious materials ensure a more comfortable fit and better bass performance thanks to reduced audio leakage.

## Easy adjustable headband

The easily adjustable mechanism provides a comfortable close fitting acoustic seal between the ear cushion and ear, ensuring optimal performance.

## 3m cable

A handy cable length to make it easier for you to move freely around while using your headphones.

## Single-sided cable

The cable is conveniently connected to just one side, considerably reducing the risk of tangling and simplifying winding the cable up for storage.
