- Rechargeable
- Power supply headset: via USB adapter
- Standby time: up to 220 hour(s)

## Accessories

- Included: Earhook (optional), Quick start guide,

USB charging cable

## Packaging dimensions

- EAN: 69 51613 98058 3
- Packaging dimensions (W x H x D): 17.5 x 9.5 x 3.5 cm
- Number of products included: 1
- Packaging type: Carton
- Type of shelf placement: Both

## Inner Carton

- GTIN: 2 69 51613 98058 7
- Number of consumer packagings: 1

## Outer Carton

- GTIN: 1 69 51613 98058 0
- Outer carton (L x W x H): 44 x 20.5 x 23 cm
- Number of consumer packagings: 2

## Product dimensions

- Product dimensions (W x H x D): 3 x 6.8 x 3 cm

# Highlights

## Clear, echo free calls

Enjoy clear, echo free calls with the headsets' highly sensitive microphone and smart acoustic design.

## Wireless handsfree talking

Using your cellphone without a headset can be inconvenient and unsafe. In many locations it is also illegal while driving. Wired handsfree kits add the hassle of a cable. A Bluetooth headset replaces the cable with a short range wireless Bluetooth connection, so your hands are free and your freedom to move is not hampered by a cable. Because the transmitted energy close to your head is much lower than that radiated from your mobile phone Bluetooth also decreases potential risks associated with cellphone radiation.

## Wireless call management

Manage your call without using your mobile phone. This includes call acceptance, rejection, voice dial and redial. Voice dial and redial have to be supported by your mobile phone.

## Bluetooth HSP/HFP compliant

Bluetooth is a cable replacement technology. Bluetooth is a global standard, so Bluetooth devices of different manufacturers can interoperate using shared Bluetooth profiles. HSP (Handset Profile) and HFP (Handsfree Profile) are the profiles required for typical Bluetooth headset operations. If your mobile phone is compliant to HSP or HFP (like virtually any Bluetooth enabled phone) this headset will work with it. The Bluetooth word mark and logos are owned by the Bluetooth SIG, Inc. and any use of such marks by Koninklijke Philips Electronics N.V. is under license.

## Ergonomic earhook

The ergonomic earhooks size can be adapted in various steps to fit your ears, which will not only increase comfort but also ensure a safe fixture. In addition the earhook can be adapted to accommodate both left- and right-ear wearing styles.

## Bluetooth® Stereo (A2DP)

This Philips device fully supports Bluetooth Stereo (A2DP). A2DP (Advanced Audio Distribution Profile) compliance enables this headset to receive stereo music from any Bluetooth device that is A2DP compliant. Therefore you can use this headset with any compatible mobile phone, PC, Bluetooth adapter, MP3 player etc. that supports A2DP.

## Pair two Bluetooth devices

Pair two Bluetooth devices simultaneously
