SHL3565BK

High resolution sound

Engineered for uncompromised audio delivery, the SHL3565 offers defined bass and precision sound with no distortion. Together with the rotating soft cushioned earshells, you will get a perfect listening experience on the go.

Perfect listening experience

- High Resolution audio reproduces music in its purest form
- 40mm neodymium drivers delivers excellent sound clarity
- 2200mW high power handling for distortion free high volumes
- Closed-back system blocks out noise for immersive listening

Comfortable for long use

- Adjustable earshells and headband fits the shape of any head
- Soft ear cushions for comfortable, long listening sessions
- Nylon wrapped stainless steel headband for maximum comfort

Convenient and durable

- 1.2m long cable ideal for outdoor use
- Tested with 12,000 cable bends for assured durability
- Earpieces swivel 165° for monitoring and added flexibility
- Compact foldable design with reversable earpieces
- In-line mic and pick up button for easy handsfree calls

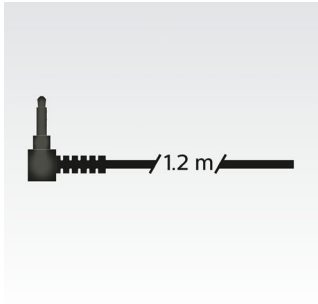

PHILIPS

Headphones with mic
40mm drivers/closed-back DJ monitor style, Breathable ear cushions, Compact folding

SHL3565BK/00

Highlights

1.2m long cable

1.2m long cable ideal for outdoor use

2200mW high power handling

High power handling offers high performance whatever the volume or source. Delivery is clear and distortion free even at high volumes or high audio input power levels.

40mm neodymium speaker

40mm neodymium speaker delivers excellent sound clarity with high impact bass from 40mm high power neodymium speaker drivers.

Adjustable earshells, headband

Adjustable earshells and headband are designed to always fits your head comfortably so you don't even notice you are wearing them.

Closed type acoustic

Closed-back system blocks out ambient noise for immersive listening.

Compact foldable design

Made to give you the best experience on the go, the SHL3565 can be folded away for perfect portability and easy storage. Clever design and careful selection of components including durable hinges allow them to be maneuvered with ease.

Earpieces swivel 165°

Designed with the aspiring DJs in mind, earpieces headphones each rotate 165° for convenient one-ear listening while track mixing. The swivel can also be useful during normal listening, when outside sounds need to be heard.

In-line mic and pick up button

In-line mic and pick up button for easy handsfree calls

Nylon wrapped headband

Nylon wrapped stainless steel headband for maximum comfort

Soft breathable ear cushions

Soft ear-pads improve breathability and dissipate pressure and heat for longer wearing comfort.

Tested with 12,000 cable bends

Tested with 12,000 cable bends for assured durability
