? Frequently asked questions

No signal bar is displayed on the screen.

- The handset is out of range. Move it closer to the base station.
- If the handset displays [UNREGISTERED], register your handset.

If I fail to pair (register) the additional handsets to the base station, what do I do?

Your base memory is full. Access > [SERVICES] > [UNREGISTER] to unregister the unused handsets and try again.

I have chosen a wrong language which I cannot read, what do I do?

- 1 Press to go back to the standby screen.
- 2 Press to access the main menu screen.
- 3 The following options will appear on the screen:

[PHONE SETUP] > [LANGUAGE]
[CONFIG.TEL] > [LANGUE]
[TEL.-SETUP] > [SPRACHE]
[CONF.TELEF.] > [LINGUA]

- 4 Select it to access the language options.

- 5 Select your own language.

My handset is in searching status, what do I do?

- Make sure that the base station has power supply.
- Register the handset to the base station.
- Move the handset closer to the base station.

I cannot change the settings of my voice mail, what do I do?

The voice mail service is managed by your service provider but not the phone itself. Contact your service provider to change the settings.

No display

- Make sure the batteries are charged.
- Make sure there are power and phone connections.

The handset on the charger does not charge.

- Make sure the batteries are inserted correctly.
- Make sure the handset is placed properly on the charger. The battery icon animates when charging.
- Make sure the docking tone setting is turned on. When the handset is placed correctly on the charger, you can hear a docking tone.
- The charging contacts are dirty. Disconnect the power supply first and clean the contacts with a damp cloth.
- Purchase new ones with the same specifications.

Bad audio (crackles, echo, etc.)

- The handset is nearly out of range. Move it closer to the base station.
- The phone receives interference from the nearby electrical appliances. Move the base station away from them.
- The phone is at a location with thick walls. Move the base away from them.

The handset does not ring.

Make sure the handset ringtone is turned on.

The caller ID does not display.

- The service is not activated. Check with your service provider.
- The caller's information is withheld or unavailable.
