Highlights

5-hour built-in battery*

This Philips player comes with a compact built-in rechargeable battery for long-lasting power. Up to 5 hours of continuous movie, photo and music playback enjoyment can be achieved on a single charge. Just plug in the power cable to recharge the player - it's that simple.

30cm/9" swivel color LCD panel

The screen swivels 180-degree to give you the optimum viewing angle for watching movies and photos. Rotate the screen or adjust it up and down to cut down on glare and get the best viewing angle possible.

SD/SDHC card slot

View and share your video clips, photos and music easily and instantly. For the ultimate in convenience, this Philips player features a built-in card slot for SD/SDHC memory cards. Simply insert the memory card into the slot located on the side of the player to access your multimedia files stored on the card and enjoy your favorite music, photos and movies anywhere.

Support DVB-T (free-to-air)

Support DVB-T standard for free-to-air digital TV

DivX Certified

With DivX® support, you are able to enjoy DivX encoded videos and movies from the Internet, including purchased Hollywood films. The DivX media format is an MPEG-4 based video compression technology that enables you to save large files like movies, trailers and music videos on media like CD-R/RW and DVD recordable discs, USB storage and other memory cards for playback on your DivX Certified® Philips device.

Power Resume

The DVD-Video player remembers where you stop watching last time when it is powered off directly or when the power supply discontinued. If you did not switch to play another disc, your player will resume play where you have stopped the movie last time just by reloading the disc. Making your life a lot easier!
