#### Rich and clear sound

- Dynamic Bass Boost for deep and dramatic sound
- 3 W RMS total output power

#### Enjoy your music from different sources

- Play CD, CD-R and CD-RW
- Audio-in for easy portable music playback
- FM stereo tuner

# PHILIPS

# Highlights

## Play CD, CD-R and CD-RW

Philips is known for making products that are compatible with many discs available on the market. This audio system lets you enjoy music from CD, CD-R and CD-RW. CD-RW (CD-Rewritable Compatible) means that your audio system can play both CD-Recordable (CD-R) and CD-Rewritable (CD-RW) discs. CD-R discs are recordable once and can be played on any audio CD player while CD-RW discs can be recorded and rewritten multiple times and can only be played back on compatible audio CD players.

## CD Shuffle/Repeat

The "Shuffle/Repeat" function helps you to get rid of the boredom of hearing your music played in the same order all the time. After loading your favourite songs to the player, all you have to do is to select one of the modes - "Shuffle" or "Repeat" for your tunes to be played in different modes order. Enjoy the different and unique music experience every time you hook up to your player.

## 20-track CD programmable

The CD programmable playback feature allows you to enjoy your favourite tracks in the order you want.

## Dynamic Bass Boost

Dynamic Bass Boost maximises your music enjoyment by emphasising the bass content of the music throughout the range of volume settings - from low to high - at the touch of a button! Bottom-end bass frequencies usually get lost when the volume is set at a low level. To counteract this, Dynamic Bass Boost can be switched on to boost bass levels, so you can enjoy consistent sound even when you turn down the volume.

## AUDIO-IN (3.5 mm)

Make one easy connection and enjoy all your music from portable devices and computers. Simply plug your device into the AUDIO-IN (3.5 mm) port on your Philips set. With computers, the connection is typically made from the headset output. Once linked, you can

enjoy your entire music collection directly, on a set of superior speakers. Philips simply delivers better sound.

## 20 preset tuning stations

## 3 W RMS

This system has 3W RMS total output power. RMS refers to Root Mean Square, which is a typical measurement of audio power, or rather, the electrical power transferred from an audio amplifier to a loudspeaker, which is measured in watts. The amount of electrical power delivered to the loudspeaker and its sensitivity determines the sound power that is generated. The higher the wattage, the better the sound power emitted by the speaker.

# Specifications

## Sound

- Sound enhancement: Dynamic Bass Boost
- Volume control: up/down
- Sound system: stereo
- Maximum output power (RMS): 3 W

## Loudspeakers

- Speaker grille finishing: metal
- No. of built-in speakers: 2

## Connectivity

- Audio in (3.5 mm)

## Audio playback

- Disc playback modes: fast forward/reverse, next/previous track search, repeat/shuffle/programme
- Playback media: CD, CD-R, CD-RW

## Tuner/Reception/Transmission

- Antenna: FM antenna
- Auto digital tuning
- Tuner bands: FM

## Convenience

- Loader type: top

## Power

- Battery type: C size (LR14)
- Battery voltage: 1.5 V
- Number of batteries: 6
- Power type: AC or battery input

## Accessories

- Others: User Manual
- Cables/Connection: power cord
- Warranty: Warranty leaflet

## Design

- Colour: Red

## Dimensions

- Weight incl. Packaging: 1.6 kg
- Product dimensions (WxDxH): 252 x 232 x 124 mm
- Packaging dimensions (WxDxH): 280 x 260 x 160 mm
- Product weight: 1 kg
