Return your Product Registration Card today to get the very most from your purchase.

Registering your model with PHILIPS makes you eligible for all of the valuable benefits listed below, so don't miss out. Complete and return your Product Registration Card at once to ensure:

*Proof of Purchase

Returning the enclosed card guarantees that your date of purchase will be on file, so no additional paperwork will be required from you to obtain warranty service.

*Product Safety Notification

By registering your product, you'll receive notification - directly from the manufacturer - in the rare case of a product recall or safety defect.

*Additional Benefits of Product Ownership

Registering your product guarantees that you'll receive all of the privileges to which you're entitled, including special money-saving offers.

Know these
safety*symbols*

This "bolt of lightning" indicates uninsulated material within your unit may cause an electrical shock. For the safety of everyone in your household, please do not remove product covering.

The "exclamation point" calls attention to features for which you should read the enclosed literature closely to prevent operating and maintenance problems.

For Customer Use

Enter below the Serial No. which is located on the bottom of the cabinet. Retain this information for future reference.

Model No. _____

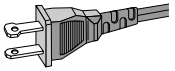
Serial No. _____

WARNING: To reduce the risk of fire or electric shock, this apparatus should not be exposed to rain or moisture, and objects filled with liquids, such as vases, should not be placed on this apparatus.

CAUTION: To prevent electric shock, match wide blade of plug to wide slot, fully insert.

IMPORTANT SAFETY INSTRUCTIONS

1. **Read these instructions.**
2. **Keep these instructions.**
3. **Heed all warnings.**
4. **Follow all instructions.**
5. **Do not use this apparatus near water.**
6. **Clean only with a piece of dry cloth.**
7. **Do not block any ventilation openings. Install in accordance with the manufacturer´s instructions.**
8. **Do not install near any heat sources** such as radiators, heat registers, stoves, or other apparatus (including amplifiers) that produce heat.
9. **Do not defeat the safety purpose** of the polarized or grounding-type plug. A polarized plug has two blades with one wider than the other. A grounding type plug has two blades and a third grounding prong. The wide blade or the third prong are provided for your safety. If the provided plug does not fit into your outlet, consult an electrician for replacement of the obsolete outlet.



AC Polarized Plug

10. **Protect the power cord** from being walked on or pinched, particularly at plugs, convenience receptacles, and the point where they exit from the apparatus.
11. **Only use attachments/accessories** specified by the manufacturer.
12. **Use only with the cart,** stand, tripod, bracket, or table specified by the manufacturer or sold with the apparatus. When a cart is used, use caution when moving the cart /apparatus combination to avoid injury from tip-over.
13. **Unplug this apparatus** during lightning storms or when unused for long periods of time.
14. **Refer all servicing** to qualified service personnel. Servicing is required when the apparatus has been damaged in any way, such as power-supply cord or plug is damaged, liquid has been spilled or objects have fallen into the apparatus, the apparatus has been exposed to rain or moisture, does not operate normally, or has been dropped.
15. **Battery usage CAUTION** – To prevent battery leakage which may result in bodily injury, property damage, or damage to the unit:
    Install **all** batteries correctly, **+** and **-** as marked on the unit.
    Do not mix batteries (**old** and **new** or **carbon** and **alkaline**, etc.).
    Remove batteries when the unit is not used for a long time.
16. **Apparatus shall not be exposed to dripping or splashing.**
17. **Do not place any sources of danger on the apparatus** (e.g. liquid filled objects, lighted candles).
18. This product may contain lead and mercury. Disposal of these materials may be regulated due to environment considerations.
    For disposal or recycling information, please contact your local authorities or the Electronic Industries Alliance: www.eiae.org.

This product complies with the FCC-Rules, Part 15 and with 21 CFR 1040.10. Operation is subject to the following two conditions:

1. This device may not cause harmful interference, and

2. this device must accept any interference received, including interference that may cause undesired operation.

Canada

English:

This digital apparatus does not exceed the Class B limits for radio noise emissions from digital apparatus as set out in the Radio Interference Regulations of the Canadian Department of Communications.

Français :

Cet appareil numérique n'émet pas de bruits radioélectriques dépassant les limites applicables aux appareils numériques de Classe B prescrites dans le Règlement sur le Brouillage Radioélectrique édicté par le Ministère des Communications du Canada.

Supplied accessories

– AC power cord

– Remote control

Top and front panels (See 1)

① **Source selector**: **CD/USB, FM, AM, OFF**
– selects CD/MP3-CD (or USB mode), or radio
– switches off the set

② **▶II** – starts or pauses disc/USB playback
⏮ ⏭
– ***For disc/ USB play:***
– skips to the beginning of a current/ previous/ later track
– fast searches backwards and forwards within a track
■ – stops disc/USB playback;
– erases a program
PROG – programs tracks and reviews the program

③ **Display** – shows disc/USB play functions

④ **ALBUM +/-**
– ***For MP3-CD/ WMA/USB play:*** select albums

⑤ **USB REC** – copy one file or all files of a disc to an external portable USB storage device/MP3 player

⑥ **iR** – infrared sensor for remote control

⑦ **CD/USB** – enters disc or USB mode

⑧ **MODE** – selects different play modes: e.g. REPEAT or SHUFFLE (random order)

⑨ **OPEN•CLOSE** – opens/ closes the CD door

⑩ **TUNING** – tunes to radio stations

⑪ **VOLUME** – adjusts volume level

⑫ **USB port** – connects an external USB mass storage device

Back panel (See 1)

⑬ **Telescopic antenna** – improves FM reception

⑭ 🎧 – 3.5 mm stereo headphone socket
Helpful hints: *The speakers will be muted when headphones are connected to the set.*

⑮ **AC~ MAINS** – inlet for power cord

⑯ **Battery door** – open to insert 6 x 1.5V **R-14/ UM2/ C-cells**

Remote control (See 1)

① **CD** – enters disc mode

② **USB** – enters disc or USB mode

③ **MODE** – selects different play modes: e.g. **REPEAT** or **SHUFFLE** (random order)

④ **PROG** – programs tracks and reviews the program

⑤ ■ – stops disc/USB playback;
– erases a program

⑥ **▶II** – starts/ pauses CD/USB playback

⑦ **⏮ ⏭**
For disc/ USB play:
– fast searches back and forward
– skips to the beginning of a current track/ previous/ later track

⑧ **ALBUM +/-**
For MP3-CD/USB play: selects albums

⑨ **DEL** – deletes one file or all files stored on the external USB device

⑩ **REC** –copy one file or all files of a disc to an external portable USB storage device/MP3 player

Power Supply

Whenever convenient, use the power supply cord if you want to conserve battery life. Make sure you remove the plug from the set and wall outlet before inserting batteries.

Batteries
Main set *(See 1)*

- Insert **6** batteries, type **R-14, UM2** or **C-cells** (not included, preferably alkaline) with the correct polarity.

Power Supply

Remote control

Important!

- ***Before using the remote control, remove the insulation plastic tab as shown in figure 12.***
- ***If the remote control does not function correctly or the operating range is reduced, replace the battery with a new (CR2025) type battery***

1 Press and hold the latch (A) in the direction as shown in figure 12.

2 Simultaneously, pull the battery tray (B) out.

3 Replace a new battery, and fully insert the battery tray back to the original position.

- Incorrect use of batteries can cause electrolyte leakage and will corrode the compartment or cause the batteries to burst:
- Do not mix battery types: e.g. alkaline with carbon zinc. Only use batteries of the same type for the set.
- When inserting new batteries, do not try to mix old batteries with the new ones.
- Remove the batteries if the set is not to be used for a long time.

Batteries contain chemical substances, so they should be disposed of properly.

Using AC power

1 Check if the power/mains voltage, **as shown on the type plate located on the bottom of the set**, corresponds to your local power supply. If it does not, consult your dealer or service center.

2 Connect the power cord to the **AC~ MAINS** inlet and the wall socket. The set is now ready for use.

3 To switch the set off completely, withdraw the power cord from the wall socket.

4 Install the unit near the AC outlet and where the AC power plug can be easily reached.

- Disconnect the power cord from the wall socket to protect your set during heavy thunderstorms. Children could seriously injure themselves as the free end of the cable may still be live if only the connector is removed from the MAINS socket at the back of the unit.

The type plate is located on the bottom of the set.

Auto power saving

- When the **source selector** is adjusted to **CD/USB** and the set is in the PAUSE position for 5 minutes, the set will be auto switched to the stop position to save power.
- When the **source selector** is adjusted to **CD/USB** and the set is in the STOP position for 15 minutes, the set will be auto switched to sleep (standby)mode. To wake it up, press **▶II**.

Helpful hints:

– To avoid unnecessary energy consumption, always adjust the **source selector** to **OFF** after using the set.

CAUTION

Use of controls or adjustments or performance of procedures other than herein may result in unsafe operation.

Basic functions

Switching on/off the set

1 To switch on, adjust the **source selector** to **CD/USB**, **FM** or **AM** as desired.

2 To switch off, adjust the **source selector** to **OFF**.

Adjusting volume

Adjust the volume with the **VOLUME** control.

Radio reception

1 Push the **source selector** to **FM** or **AM**.

2 Turn **TUNING** to tune in a radio station.

3 To switch off the radio, adjust the **source selector** to **OFF**.

Helpful hints:

To improve reception

- For **FM**, extend, incline and turn the telescopic antenna. Reduce its length if the signal is too strong.
- For **AM**, uses a built-in antenna. Direct this antenna by turning the whole set.

About MP3

The music compression technology MP3 (MPEG1 Audio Layer 3) significantly reduce the digital data of an audio CD while maintaining CD quality sound.

- **Getting MP3 files:** you can either download legal music files from the internet to your computer hard disc, or create such files by converting audio CD files in your computer through appropriate encoder software. (128kbps bit rate or higher is recommended for MP3 files.)
- **Creating a MP3 CD:** burn the music files from your computer hard disc on a CDR or CDRW using your CD burner.

Helpful hints:

– *Make sure that the file names of the MP3 files end with* ***.mp3.***

– *Number of albums: maximum 500*

– *Number of tracks: maximum 1000*

– *The length of file names affects the number of tracks for playback. With shorter file names, more files can be burned on a disc.*

Playing a disc

This player plays Audio Discs including CD-R/ CD-RW, MP3 CD and WMA. Do not try to play a CD-ROM, CD-I, CDV, VCD, DVD or computer CD.

IMPORTANT!

- CDs encoded with **copyright protection technologies** by some record companies may be unplayable by this product.
- DRM-protected WMA disc is not supported.

1 Adjust the **source selector** to **CD/USB**.
➜ Display shows - - - (see 2), or - - - with "USB" (see 3)

2 Press **CD/USB** to enter CD mode if USB is displayed.
➜ Display will show --- (See 2).

3 Open the disc door.

4 Insert a disc with the printed side facing up and press the disc door gently to close.
➜ Display: The total number of tracks appears.
➜ The disc scanning of MP3-CD may run longer than audio CD.

5 Press ▶II to start playback.
➜ Display: ▶ and the current track number.

For MP3-CD/ WMA only:
➜ The current track number "XXX" and album number "**ALB** XXX" will be displayed interchangeably (See 4 5).

6 To pause playback press ▶II.
➜ Display: ▶ and the current track number flash.

7 Press ▶II again to resume playback.

8 To stop playback, press ■.

Helpful hints:

The disc playback will also stop when:
– you open the disc compartment door;
– you select **FM**, **AM** or **OFF** position;
– the disc has reached the end of the playback.

Selecting a different track

- Press ⏮ or ⏭ once or repeatedly until the desired track number appears in the display.
  For MP3-CD/WMA: First press **ALBUM+/-** once or more to find your album.
- In the pause/stop position, press ▶II to start playback.

Finding a passage within a track

1 During playback, press and hold down ⏮ or ⏭.
➜ The disc is played at high speed and low volume.

2 When you recognize the passage you want, release ⏮ or ⏭.
➜ Normal playback resumes.

Programming tracks

You may store up to 20 tracks in the desired sequence. If you like, store any track more than once.

1 In the stop position, press **PROG** to start programming.
➜ Display shows P01 indicating the start of the program. **PROG** flashes. (See 6)

2 Press ⏮ or ⏭ to select your desired track number.
For MP3-CD/WMA: First press **ALBUM+/-** once or more to find your album.

3 Press **PROG** to store the desired track.
➜ Display shows P02, indicating the next program location available.

4 Repeat steps **2** to **3** to select and store all desired tracks.

5 Press ▶II to play the program.

To review your program

In the stop position, press and hold **PROG** 3 seconds.
➜ The display shows all the stored tracks in sequence.

Helpful hints:

– Display shows P01 if no track is programmed.
– If you try to store more than 20 tracks, no track can be stored and the display will show FUL.

To erase a program

You can erase a program by:

– pressing ■ (twice during playback or once in the stop position);

– selecting **FM**, **AM** or **OFF** position;

– opening the disc door.

➜ Display: **PROG** disappears.

Selecting different play modes (See 7)

You can select and change the various play modes before or during playback, and combine play modes with **PROG**.

REP – plays the current track continuously.

REP ALL – plays the entire disc/program continuously.

SHUF – plays all tracks in random order.

1 To select play modes, press **MODE** once or more.

2 Press ▶II to start playback if in the stop position.

3 To select normal playback, press **MODE** repeatedly until the various modes are no longer displayed.

– You can also press ■ to cancel your play modes.

Using USB connectivity

- AZ1836 is fitted with a USB port in the front panel, offering a plug and play feature which allows you to play, from your AZ1836, digital music and spoken contents stored on a USB mass storage device.
- Using a USB mass storage device, you can also enjoy all the features offered by AZ1836 which are explained and instructed in the sections of disc operation.

Compatible USB mass storage devices

With the AZ1836, you can use

– USB flash memory (USB 2.0 or USB 1.1)

– *USB flash player (USB 2.0 or USB 1.1)*

• USB device which requires driver installation under Windows XP is not supported.

Note:

In some USB flash players (or memory devices), the stored contents are recorded using copyright protection technology. Such protected contents will be unplayable on any other devices (such as AZ1836 device).

Supported formats:

– USB or memory file format FAT12, FAT16, FAT32 (sector size: 512 - 65,536 bytes)

– MP3 bit rate (data rate): 32-320 kbps and variable bit rate

– WMA v9 or earlier

– Directory nesting up to a maximum of 8 levels

– Number of albums: maximum 500

– Number of tracks: maximum 1000

– ID3 tag v2.0 or later

– File name in Uicode UTF8 (maximum length: 128 bytes

The system will not play or support the following:

• Empty albums: an empty album is an album that does not contain MP3/WMA files, and will not be shown in the display.

• Non-supported file formats are skipped. This means that e.g.: Word documents .doc or MP3 files with extension. dlf are ignored and will not be played.

• AAC, WAV, PCM. NTFS audio files

• DRM protected WMA files

• WMA files in Lossless format

Playing a USB mass storage device

1 Make sure that your AZ1836 is being powered by AC mains or specified batteries.

2 Adjust the **source selector** to **CD/USB**.

➜ Display shows - - - (see 2), or - - - with USB (see 3)

3 Press **CD/USB** to enter USB mode if USB is NOT displayed.

➜ Display will show USB (see 2).

4 As shown in figure 13 , plug a compatible USB mass storage device to AZ1836's USB port marked ⇨• . If needed, use a suitable USB cable to connect between the device and AZ1836's USB port.

➜ The device will automatically power on.

- If the device is not powered on, turn on the power manually, then re-connnect it.

➜ AZ1836's display shows USB and the total number of playable audio files (Max. displayed track number is 1000) stored on the device.

5 Press ▶II on your AZ1836 to start play.

➜ AZ1836's display will show USB and share the display information illustrated in the disc operation.

Helpful hints:

– Make sure that file names of MP3 files end with .mp3. and the file names of WMA files end with .wma.

– For DRM protected WMA files, use Windows Media Player 10 (or later) for conversion. Visit www.microsoft.com for details about Windows Media Player and WM DRM (Windows Media Digital Rights Management).

CD Ripping - Recording disc files to a USB device

AZ1836 allows you to copy the music files or spoken contents of a disc to the external USB device. You can record one track, the whole disc or even selected tracks through the Program function.

1 Adjust the **source selector** to **CD/USB**.

2 Insert a disc (audio CD or MP3 or WMA). If desired, program the disc.

3 Press **CD/USB** to enter CD mode if USB is displayed.

4 Plug a USB mass storage device.

To record one

5a Select the track you want to record.

5b Press once or repeatedly **USB REC** (or **REC** on the remote) until ONE appears, flashing.

➜ Disc playback will start automactially from the beginning of the selected track.

➜ REC is displayed, and ONE will flash 2 seconds then disappear (see 8).

To record all

5a Press repeatedly **USB REC** (or **REC** on the remote) until ALL appears, flashing.

➜ Disc playback will start automactially from the beginning.

➜ REC and ALL are displayed, and ALL will flash 2 seconds then disappear (see 9).

6 To stop recording, first press ■, then unplug the USB device.

- In the record-one mode, the playback will auto go to the stop position after one track/file comes to an end.
- During MP3 and WMA recording, make sure the playback of the file you want to record is wholly completed before manually stop recording. Or any part of the file will not be recorded.
- During recording, if the memory of the USB device runs out, playback will not continue.

USB Connection

Helpful hints:

– In recording mode (even the USB device is unplugged from the set), selections of track/album, play modes (repeat and shuffle modes) are not available.

*– All the recorded audio files will be stored in the folder named **_PHILIPS** which is automatically created for recording.*

*– The recorded audio file will be stored in either **.mp3** format (for the disc of audio or MP3), or **.wma** format (for WMA disc).*

– Copyright-protected CD will not be recorded.

– DRM-protected WMA is not supported.

– Do not directly unplug the USB device to stop recording for a possible loss of some of the recorded contents.

– For MP3 and WMA recording, if the name of a file to be recorded is the same as the one of a file stored in the USB device, the file will not be recorded. In this case, AZ1836's display will show flashing Err and dUP interchangeably 3 seconds.

– For some USB device of low speed, the playback may go with muted sound for some seconds which will depend on the capability of the low-speed USB device.

Deleting audio files on a USB device

1 Adjust the **source selector** to **CD/USB**.

2 Press **CD/USB** to enter USB mode if USB is NOT displayed.

3 Plug a USB mass storage device.

4 Select the track you want to delete before or during playback.

- In the stop position, you may select an album to delete.

5 Briefly press **DEL** on the remote.
➜ "DEL" is displayed, flashing (see 10).

6 To delete it, press **DEL** again.
➜ The playback of the USB device will come to the stop position.

7 To not to delete, wait until flashing "DEL" disappears after 4 seconds of flashing, or just press ■.

Helpful hints:

– For some MP3 players, AZ1836 will read it as only one folder which will wrap up all the audio files on the player regardless of more than one folder on that player.

– AZ1836 may not be able to delete a file /albume stored on some MP3 players.

The making of unauthorized copies of copy-protected material, including computer programmes, files, broadcasts and sound recordings, may be an infringement of copyrights and constitute a criminal offence. This equipment should not be used for such purposes.

Be responsible
Respect copyrights

Safety & Maintenance (See 11)

Safety information

- Place the set on a hard, flat and stable surface so that the system does not tilt.
- Do not expose the set, batteries, CDs to humidity, rain, sand or excessive heat caused by heating equipment or direct sunlight.
- The apparatus shall not be exposed to dripping or splashing.
- Adequate ventilation with a minimum gap of 15 cm between the ventilation holes and surrounding surfaces is necessary to prevent heat build-up.
- The ventilation should not be impeded by covering the ventilation openings with items, such as newspapers, table-cloths, curtains, etc..
- No objects filled with liquids, such as vases, shall be placed on the apparatus.
- No naked flame sources, such as lighted candles, should be placed on the apparatus.
- The mechanical parts of the set contain self-lubricating bearings and must not be oiled or lubricated.
- To clean the set, use a dry cloth. Do not use any cleaning agents containing alcohol, ammonia, benzene or abrasives as these may harm the housing.

CD player and CD handling

- If the CD player cannot read CDs correctly, use a cleaning CD to clean the lens before taking the set to repair.
- The lens of the CD player should never be touched!
- Sudden changes in the surrounding temperature can cause condensation on the lens of your CD player. Playing a CD is then not possible. Do not attempt to clean the lens but leave the set in a warm environment until the moisture evaporates.
- Always close the CD door to avoid dust on the lens.
- To clean the CD, wipe in a straight line from the center towards the edge using a soft, lint-free cloth. Do not use cleaning agents as they may damage the disc.
- Never write on a CD or attach any stickers to it.

Environmental information

All unnecessary packaging material has been omitted. The packaging can be easily separated into three materials: cardboard, polystyrene and plastic.

Your set consists of materials which can be recycled if disassembled by a specialized company. Please observe the local regulations regarding the disposal of packaging, dead batteries and old equipment.

Troubleshooting

If a fault occurs, first check the points listed below before taking the set for repair.
If you are unable to remedy a problem by following these hints, consult your dealer or service centre.

WARNING: ***Do not open the set as there is a risk of electric shock. Under no circumstances should you try to repair the set yourself, as this will invalidate the guarantee.***

No sound/ power

– *Volume not adjusted*
• Adjust the VOLUME
– *Power cord not securely connected*
• Connect the AC power cord properly
– *Batteries dead/ incorrectly inserted*
• Insert (fresh) batteries correctly
– *Disc contains non-audio files*
• Insert a suitable disc or press ⏮ or ⏭ once or more skip to an audio track, instead of the data files.

Display does not function properly/No reaction to operation of any of the controls

– *Electrostatic discharge*
• Switch off and unplug the set. Reconnect after a few seconds.

no indication

– *It is set in the USB mode.*
• Press **CD/USB** to select CD mode.
– *No disc inserted*
• Insert a suitable disc
– *Disc badly scratched or dirty*
• Replace/clean CD (See Maintenance)
– *CD-R(W) is blank or the disc is not finalized.*
• Use a finalized CD-R(W)
– *Laser lens steam up*
• Wait until lens has cleared.

Note:
Make sure the CD is not encoded with Copyright protection technologies, as some do not conform to the Compact Disc standard.

The disc skips tracks

– *Disc damaged or dirty*
• Replace or clean disc
– *Shuffle or program is active*
• Switch off shuffle/program

Sound skips during MP3 playback

– *MP3 file made at compression level exceeding 320kbps*
• Use a lower compression level to record CD tracks into MP3 format
– *Disc damaged or dirty*
• Replace or clean disc.

Note:
DRM-protected WMA disc is not supported.

The USB device doesn't play on my AZ1836

– *It is not set in the USB mode.*
• Press **CD/USB** to select USB mode.
– *The device is not securely connected to AZ1836's USB port.*
• Re-connect the device, and make sure that the device is powered on.
– *The device is not supported by AZ1836, or the audio file format stored on the device is not supported by AZ1836.*
• Use a compatible device/ playable audio file format.

The disc file cannot be recorded to the USB device

– *You stop recording when the MP3 or WMA file you want to record is still playing.*
• Select record-one mode to record, or stop recording only when the playback of MP3 or WMA file is wholly completed.
– *The memory of the USB device runs out.*
• Delete some unwanted files on the USB device to free some memory, or use another USB device of sufficient free memory to record.
– *The name of a MP3 or WMA file on the disc is identical to the one of a file on the USB device.*
• Change to a different name for the file on the USB device.

PHILIPS LIMITED WARRANTY
ONE (1) YEAR

WARRANTY COVERAGE:
PHILIPS warranty obligation is limited to the terms set forth below.

WHO IS COVERED:
Philips warrants the product to the original purchaser or the person receiving the product as a gift against defects in materials and workmanship as based on the date of original purchase ("Warranty Period") from an Authorized Dealer. The original sales receipt showing the product name and the purchase date from an authorized retailer is considered such proof.

WHAT IS COVERED:
The Philips warranty covers new products if a defect arises and a valid claim is received by Philips within the Warranty Period. At its option, Philips will either (1) repair the product at no charge, using new or refurbished replacement parts, or (2) exchange the product with a product that is new or which has been manufactured from new, or serviceable used parts and is at least functionally equivalent or most comparable to the original product in Philips current inventory, or (3) refund the original purchase price of the product.
Philips warrants replacement products or parts provided under this warranty against defects in materials and workmanship from the date of the replacement or repair for ninety (90) days or for the remaining portion of the original product's warranty, whichever provides longer coverage for you. When a product or part is exchanged, any replacement item becomes your property and the replaced item becomes Philips' property. When a refund is given, your product becomes Philips' property.
Note: Any product sold and identified as refurbished or renewed carries a ninety (90) day limited warranty.

Replacement product can only be sent if all warranty requirements are met. Failure to follow all requirements can result in delay.

WHAT IS NOT COVERED - EXCLUSIONS AND LIMITATIONS:
This Limited Warranty applies only to the new products manufactured by or for Philips that can be identified by the trademark, trade name, or logo affixed to it. This Limited Warranty does not apply to any non-Philips hardware product or any software, even if packaged or sold with the product. Non-Philips manufacturers, suppliers, or publishers may provide a separate warranty for their own products packaged with the bundled product.

Philips is not liable for any damage to or loss of any programs, data, or other information stored on any media contained within the product, or any non-Philips product or part not covered by this warranty. Recovery or reinstallation of programs, data or other information is not covered under this Limited Warranty.

This warranty does not apply (a) to damage caused by accident, abuse, misuse, misapplication, or non-Philips product, (b) to damage caused by service performed by anyone other than Philips or Philips Authorized Service Location, (c) to a product or a part that has been modified without the written permission of Philips, or (d) if any Philips serial number has been removed or defaced, or (e) product, accessories or consumables sold "AS IS" without warranty of any kind by including refurbished Philips product sold "AS IS" by some retailers.

This Limited Warranty does not cover:
- Shipping charges to return defective product to Philips.
- Labor charges for installation or setup of the product, adjustment of customer controls on the product, and installation or repair of antenna systems outside of the product.
- Product repair and/or part replacement because of improper installation, connections to improper voltage supply, abuse, neglect, misuse, accident, unauthorized repair or other cause not within the control of Philips.
- Damage or claims for products not being available for use, or for lost data or lost software.
- Damage occurring to product during shipping.
- A product that requires modification or adaptation to enable it to operate in any country other than the country for which it was designed, manufactured, approved and/or authorized, or repair of products damaged by these modifications.
- A product used for commercial or institutional purposes (including but not limited to rental purposes).
- Product lost in shipment and no signature verification receipt can be provided.
- Failure to operate per Owner's Manual.

REPAIR OR REPLACEMENT AS PROVIDED UNDER THIS WARRANTY IS THE EXCLUSIVE REMEDY FOR THE CONSUMER. PHILIPS SHALL NOT BE LIABLE FOR ANY INCIDENTAL OR CONSEQUENTIAL DAMAGES FOR BREACH OF ANY EXPRESS OR IMPLIED WARRANTY ON THIS PRODUCT. EXCEPT TO THE EXTENT PROHIBITED BY APPLICABLE LAW, ANY IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE ON THIS PRODUCT IS LIMITED IN DURATION TO THE DURATION OF THIS WARRANTY.

Some states do not allow the exclusions or limitation of incidental or consequential damages, or allow limitations on how long an implied warranty lasts, so the above limitations or exclusions may not apply to you.

This warranty gives you specific legal rights. You may have other rights which vary from state/province to state/province.
