# Highlights

## Boost your music

To get more enjoyment from your music, with extra powerful sound, deeper bass and higher highs. These speakers include a powerful amplifier to create stunning, rich sound.

## Powerful speaker drivers

Powerful speaker drivers produce ultra realistic sound, totally immersing you in the game.

## Bass Pipe

Thanks to an acoustically-tuned air channel that turbo-charges the bass notes, you enjoy fantastic realism and a truly involved listening experience.

## Wide stereo soundstage

These portable speakers create a natural stereo sound stage when they are placed apart, this gives the impression that each musical instrument occupies a different physical space. The effect is more realistic and more enjoyable.

## For portable equipment

Universal use with all portable entertainment equipment. Simply connect using the 3.5mm plug.

## Protective cable management

An all-in-one design that neatly secures & protects both audio cables & speakers preventing damage and reducing unnecessary wear

## Plug & play speakers

The 'plug & play' feature saves you time because you simply connect the speakers to the portable audio player as you would normally connect the headphones, by using the jack plug.

## With or without batteries

These portable speakers use either their own batteries or the portable audio player's output signal. This gives you extra convenience - no batteries no longer means no sound.
