Guides you to your destinations with ease

- Built-in navigation system with pre-installed map of China
- Rich POIs for quick destination search

Superb performance with full features

- Built-in 50 W x 4 amplifiers for excellent sound quality
- Dynamic Bass Boost electronically enhances the low tones
- Super anti-shock protection for smooth music enjoyment
- Built-in Bluetooth receiver for call and music streaming
- Rear-view camera mode for safety when reversing
- Dual video outputs for entertainment in rear seats

PHILIPS

Highlights

Built-in 50 W x 4 amplifiers

Built-in 50 W x 4 amplifiers for excellent sound quality

DBB Dynamic Bass Boost

Activate the Dynamic Bass Boost (DBB), and the low-end bass frequencies are electronically enhanced to achieve consistent sound reproduction, especially when the speaker volume is set at a low level. You hear impressive bass at all times.

DVD, DVD+/-R, DVD+/-RW, (S)VCD

The Philips player is compatible with most DVD and CD discs available on the market. The player will accept both of the common

recordable DVD formats. Likewise, the player handles both common rewritable disc types. The quality of a SVCD (Super VideoCD) plays much more sharpen picture than a VCD because of the higher resolution. MPEG4 is designed to deliver DVD-quality video (MPEG-2) at lower data rates and smaller file sizes. The DivX codec is an advanced MPEG4-based video compression technology to shrink digital video to sizes while maintaining high picture quality.

Super anti-shock protection

Super anti-shock protection for smooth music enjoyment

USB Direct and SDHC card slots

Thanks to the complete file transferability, you can easily enjoy the convenience and fun of accessing more music, videos and photos via the built-in USB Direct and SDHC card slots.

AV-IN

AV-IN for portable video and music playback

Built-in Bluetooth receiver

The Bluetooth hands-free feature lets you use your mobile phone safely while driving so you don't have to miss any important calls. With the built-in Bluetooth® receiver, you can also conveniently stream your music files from your phone to your car entertainment system.

Rear-view camera mode

Rear-view camera mode for safety when reversing

Dual video outputs

Dual video outputs for entertainment in rear seats
