

Philips
Bluetooth Headset

In-ear
Black

SHB1500

Comfortable and Secure fit design

comfortable with in-ear and hook design for long hour talk and supporting multiple devices standby at the same time

Universal: Works with your Bluetooth enabled phone

- Bluetooth HSP/HFP compliant - Universal

Wear it comfortably for hours!

- Ergonomic earhook

Talk freely - handsfree and wireless

- Wireless call management
- Bluetooth enabled wireless handsfree talking

Make sure you are clearly understood

- Clear, echo free calls

Works with all Bluetooth-enabled devices

- Pair two Bluetooth devices simultaneously

PHILIPS

Specifications

Connectivity

- Bluetooth profiles: handsfree, headset
- Bluetooth version: 2.1+EDR
- Maximum range: up to 33 feet / 10

Power

- Rechargeable
- Battery Type: Li-polymer
- Power supply headset: via charger
- Talk time: up to 6 hour(s)
- Standby time: up to 150 hour(s)

Convenience

- Volume control
- Call management: Answer / End call, Call transfer, Last number redial, Microphone mute, Reject call

Accessories

- Included: Charger, Earhook (optional), Quick start guide

Packaging dimensions

- Packaging dimensions (W x H x D): 5.1 x 17.5 x 3.1 cm
- Gross weight: 0.062 kg
- Nett weight: 0.035 kg

- Number of products included: 1
- Packaging type: Carton
- Tare weight: 0.027 kg
- Type of shelf placement: Both
- UPC: 4 89518 56019 8

Inner Carton

- Gross weight: 0.451 kg
- Inner carton (L x W x H): 18 x 16.8 x 8.3 cm
- Nett weight: 0.21 kg
- Number of consumer packagings: 6
- Tare weight: 0.241 kg
- GTIN: 2 04 89518 56019 2

Outer Carton

- Gross weight: 2.994 kg
- Outer carton (L x W x H): 53 x 19.5 x 19.5 cm
- Nett weight: 1.26 kg
- Number of consumer packagings: 36
- Tare weight: 1.734 kg
- GTIN: 1 04 89518 56019 5

Product dimensions

- Product dimensions (W x H x D): 1.6 x 5.2 x 2.6 cm
- Weight: 0.015 kg

Highlights

Bluetooth HSP/HFP compliant

Bluetooth is a cable replacement technology. Bluetooth is a global standard, so Bluetooth devices of different manufacturers can interoperate using shared Bluetooth profiles. HSP (Handset Profile) and HFP (Handsfree Profile) are the profiles required for typical Bluetooth headset operations. If your mobile phone is compliant to HSP or HFP (like virtually any Bluetooth enabled phone) this headset will work with it. The Bluetooth word mark and logos are owned by the Bluetooth SIG, Inc. and any use of such marks by Koninklijke Philips Electronics N.V. is under license.

Ergonomic earhook

The ergonomic earhooks size can be adapted in various steps to fit your ears, which will not only increase comfort but also ensure a safe fixture. In addition the earhook can be adapted to accommodate both left- and right-ear wearing styles.

Wireless call management

Manage your call without using your mobile phone. This includes call acceptance, rejection, voice dial and redial. Voice dial and redial have to be supported by your mobile phone.

Wireless handsfree talking

Using your cellphone without a headset can be inconvenient and unsafe. In many locations it is also illegal while driving. Wired handsfree kits add the hassle of a cable. A Bluetooth headset replaces the cable with a short range wireless Bluetooth connection, so your hands are free and your freedom to move is not hampered by a cable. Because the transmitted energy close to your head is much lower than that radiated from your mobile phone Bluetooth also decreases potential risks associated with cellphone radiation.

Clear, echo free calls

Enjoy clear, echo free calls with the headsets' highly sensitive microphone and smart acoustic design.
