- Advanced audio sound performance in a compact design
- High-quality stereo sound for better music enjoyment

Simplicity in use

- Carry bag for easy travelling
- One cable for both charging and music playback

PHILIPS
sense and simplicity

Highlights

Built-in rechargeable battery

Play music out loud - anytime, anywhere. The built-in rechargeable battery lets you enjoy your personal music without the fuss of entangled power cords and the inconvenient search for an electrical outlet. Enjoy great music with the freedom of portability now.

4W RMS total output power

RMS refers to Root Mean Square which is a typical measurement of audio power, or rather, the electrical power transferred from an audio amplifier to a loudspeaker, which is measured in watts. The amount of electrical power delivered to the loudspeaker and its sensitivity determines the sound power that is generated. Essentially, amplifiers are

limited by the electrical energy they can amplify and loudspeakers by the electrical energy they can convert into sound energy, without distorting the audio signal. The higher the wattage, the better the sound power emitted by the speaker.

High-quality stereo sound

These twins portable speakers create a natural stereo sound stage when they are placed apart, the effect is more realistic and more enjoyable.

Charge and play in one cable

This Philips speaker comes with one cable for both battery charging & aux-in music playback. Conveniently eliminate cable clutter and enjoy uncompromised signal quality.

Specifications

Compatible with

- iPhone
- iPod
- Mp3 player
- Smartphones
- PC

Connectivity

- USB charging
- Audio in (3.5mm)

Sound

- Output power (RMS): 4W
- Sound System: Stereo
- Speakers: 1.5" x 2

Power

- Battery type: lithium (built-in)
- Operating time on battery: 8 hr

Accessories

- A cable for: 3.5mm audio in and USB charging
