# Highlights

## Fast 10W wireless charging

For 10W charging performance, a Quickcharge charger is required. It identifies the charging standard of your wall charger or power strip to provide faster charging automatically.

## Qi wireless technology

The wireless charging, Qi technology, is widely adopted by smartphones and other mobile devices. Philips wireless chargers are compatible with phones and other devices enabled with Qi wireless technology. Simply put the devices on this pad and you will enjoy the effortless charging experience.

## USB-C port with PD

USB-C is the latest charging connector which is now adopted by mobile devices such as cell phones, outdoor cameras and tablets. PD (Power delivery) is the USB standard for power delivery which defines the standard for power delivery of 15W, 27W, 45W and up to 100W.
