Keep it simple

Designed for complete simplicity, this phone gives you all the benefits of long-lasting ergonomic comfort, and great sound reproduction. A true plug-and-play device with an intuitive menu, it is simplicity itself.

Nice and simple

- Easy to read 1.6" (4.1 cm) display with backlight
- Ultimate convenience through easy setup
- Textured back cover for non-slip grip
- Menu in multiple local languages
- Up to 16 hours of talk time on a single charge
- Programmable hot keys for quick dial
- Caller ID – so you always know who is calling*

Crystal clear sound

- Advanced sound testing and tuning for superb voice quality
- The Parametric Equaliser delivers pure and clear sound
- Automatic Volume Control offsets unwanted volume variation
- Optimised antenna layout for great reception in any room

Eco-conscious product

- Low radiation and power consumption

PHILIPS

Highlights

Parametric Equaliser

Our telephones use parametric equalisation in the digital sound processing to fine tune the sound response back to the intended linear frequency response curve, delivering sound that is pure and clear, for each conversation.

Automatic Volume Control

Automatic Volume Control offsets variations in sound signal, which can be caused by distance, signal strength or the caller's phone — so what you hear always remains consistent. Reducing the audio amplification for strong signals, and increasing it for weak ones, means you can enjoy a smooth conversation without unwanted sound volume variation.

Easy setup

Ultimate convenience through easy set up.
Simplified installation - Plug and Play product

Optimised antenna layout

Our optimised antenna layout ensures strong and stable reception, even in areas of the house where cordless transmission is difficult. Now you can take a call wherever you are in the house, and enjoy a long, uninterrupted conversation even as you walk around.

Eco-conscious product

Philips phones are energy efficient and designed to be respectful to the environment.

Menu in local languages

Enjoy easy setup, navigation and control with intuitive menu available in local languages.

Programmable hot keys

Now calling the people you care about most is easier than ever. With simple one-touch dialling, you will never have to search for their number again. You can programme up to 2 keys for instant calling.

Non-slip grip

The rear of the handset is treated with a special texture for added comfort and better grip.

4.1 cm (1.6") display

Easy to read 1.6" (4.1 cm) display with backlight

Specifications

Picture/Display

- Display size: 4.1 cm/1.6"
- Display type: 12 digits (Alphanumeric) + hard icons
