- Easy to read, 4.1cm (1.6") dot-matrix display
- Save up to 100 favorite contacts in your phonebook
- Up to 17 hours of talk time
- Up to 30 min. message on your answering machine

Eco-conscious product

- Up to 95% reduction of emitted radiation in charging mode
- Low power consumption: < 0.65 W in stand-by mode

PHILIPS

Highlights

Easy setup

Ultimate convenience through easy set up.
Simplified installation - Plug & Play product

Handset speakerphone

Handsfree mode uses a built-in loud speaker to amplify the voice of the caller, allowing you to speak and listen during a call without holding the phone to your ear. This is especially useful if you want to share the call with others or simply multitask.

Advanced sound testing

We test the sound quality of our DECT phones the same way as high-end headphone manufacturers do. Using an advanced ear simulator, we can accurately re-create the way people actually hear. This helps our acoustic engineers to measure and fine-tune things like frequency response, distortion and overall hearing perception, to create perfect voice reproduction for both handset and handsfree modes.

Acoustic echo cancellation

No more of those annoying echoes when you are talking on the phone. With our acoustic echo cancellation, you always get a clear, undisturbed connection.

Parametric Equalizer

Our telephones use parametric equalization in the digital sound processing to fine-tune the sound response back to the intended linear frequency response curve, delivering sound that is pure and clear, for each conversation.

4.1cm(1.6") dot-matrix display

Easy to read, 4.1cm (1.6") dot-matrix display

100-name phone book

Always have the phone numbers of your loved ones available: Save up to 100 names in your phonebook.

Up to 30 min. recording

With up to 30 minutes recording time, you'll never miss an important message.

Optimized antenna layout

Our optimized antenna layout ensures strong and stable reception – even in areas of the house where cordless transmission is difficult. Now you can take a call wherever you are in the house, and enjoy a long, uninterrupted conversation even as you walk around.

Less radiation while charging

Up to 95% reduction of emitted radiation in charging mode

Specifications

Sound

- Volume control on handset
- Ringtones on handset: 10 polyphonic
- Speakerphone

Picture/Display

- Display size: 4.1cm / 1.6"
- Backlight: Yes
- Backlight color: Blue
